# Report on the Census of Production 1992

## Summary Volume

Presented by the Chancellor of the Exchequer to  
Parliament in pursuance of the Statistics of Trade Act 1947  
(10 & 11 Geo.6 Cha.39 sec 7)

Our mission is to improve decision making,  
stimulate research and inform debate within  
government and the wider community by  
providing a quality statistical service

London: HMSO

## BUSINESS MONITORS MAKING UP THE COMPLETE CENSUS REPORT

PA1001	Introductory notes	PA362	Railway and tramway vehicles
PA111	Coal extraction and manufacture of solid fuels	PA363	Cycles and motor cycles
PA130	Extraction of mineral oil and natural gas	PA364	Aerospace equipment manufacturing and repairing
PA140	Mineral oil processing	PA365	Miscellaneous vehicles
PA161	Production and distribution of electricity	PA371	Measuring, checking and precision instruments and apparatus
PA162	Public gas supply	PA372	Medical and surgical equipment and orthopaedic appliances
PA170	Water supply industry	PA373	Optical precision instruments and photographic equipment
PA221	Iron and steel industry	PA374	Clocks, watches and other timing devices
PA222	Steel tubes	PA411	Organic oils and fats
PA223	Drawing, cold rolling and cold forming of steel	PA412	Slaughtering of animals and production of meat and by-products
PA224	Non-ferrous metals industry	PA413	Preparation of milk and milk products
PA231	Extraction of stone, clay, sand and gravel	PA414	Processing of fruit and vegetables
PA239	Extraction of miscellaneous minerals (including salt)	PA415	Fish processing
PA241	Structural clay products	PA416	Grain milling
PA242	Cement, lime and plaster	PA419	Bread, biscuits and flour confectionery
PA243	Building products of concrete, cement or plaster	PA420	Sugar and sugar by-products
PA244	Asbestos goods	PA421	Ice-cream, cocoa, chocolate and sugar confectionery
PA245	Working of stone and other non-metallic minerals	PA422	Animal feeding stuffs
PA246	Abrasive products	PA423	Starch and miscellaneous foods
PA247	Glass and glassware	PA424	Spirit distilling and compounding
PA248	Refractory and ceramic goods	PA426	Wines, cider and perry
PA251	Basic industrial chemicals	PA427	Brewing and malting
PA255	Paints, varnishes and printing ink	PA428	Soft drinks
PA256	Specialised chemical products mainly for industrial and agricultural purposes	PA429	Tobacco industry
PA257	Pharmaceutical products	PA431	Woolen and worsted industry
PA258	Soap and toilet preparations	PA432	Cotton and silk industries
PA259	Specialised chemical products mainly for household and office use	PA433	Throwing, texturing, etc. of continuous filament yarn
PA260	Production of man-made fibres	PA434	Spinning and weaving of flax, hemp and ramie
PA311	Foundries	PA435	Jute and polypropylene yarns and fabrics
PA312	Forging, pressing and stamping	PA436	Hosiery and other knitted goods
PA313	Bolts, nuts, etc.; springs; non-precision chains; metals treatment	PA437	Textile finishing
PA314	Metal doors, windows, etc.	PA438	Carpets and other textile floorcoverings
PA316	Hand tools and finished metal goods	PA439	Miscellaneous textiles
PA320	Industrial plant and steelwork	PA441	Leather (tanning and dressing) and fellmongery
PA321	Agricultural machinery and tractors	PA442	Leather goods
PA322	Metal-working machine tools and engineers' tools	PA451	Footwear
PA323	Textile machinery	PA453	Clothing, hats and gloves (including fur goods)
PA324	Machinery for the food, chemical and related industries; process engineering contractors	PA455	Household textiles and other made-up textiles
PA325	Mining machinery, construction and mechanical handling equipment	PA461	Sawmilling, planing, etc. of wood
PA326	Mechanical power transmission equipment	PA462	Manufacture of semi-finished wood products and further processing and treatment of wood
PA327	Machinery for printing, paper, wood, leather, rubber, glass and related industries; laundry and dry cleaning machinery	PA463	Builders' carpentry and joinery
PA328	Miscellaneous machinery and mechanical equipment	PA464	Wooden containers
PA329	Ordnance, small arms and ammunition	PA465	Miscellaneous wooden articles
PA330	Manufacture of office machinery and data processing equipment	PA466	Articles of cork and plaiting materials, brushes and brooms
PA341	Insulated wires and cables	PA467	Wooden and upholstered furniture and shop and office fittings
PA342	Basic electrical equipment	PA471	Pulp, paper and board
PA343	Electrical equipment for industrial use, and batteries and accumulators	PA472	Conversion of paper and board
PA344	Telecommunication equipment, electrical measuring equipment, electronic capital goods and passive electronic components	PA475	Printing and publishing
PA345	Miscellaneous electronic equipment	PA481	Rubber products
PA346	Domestic-type electric appliances	PA483	Processing of plastics
PA347	Electric lamps and other electric lighting equipment	PA491	Jewellery and coins
PA351	Motor vehicles and their engines	PA492	Musical instruments
PA352	Motor vehicle bodies, trailers and caravans	PA493	Photographic and cinematographic processing laboratories
PA353	Motor vehicle parts	PA494	Toys and sports goods
PA361	Shipbuilding and repairing	PA495	Miscellaneous manufacturing industries
		PA500	Construction
		PA1002	Summary volume

## EXPLANATORY NOTES AND DEFINITIONS

## INTRODUCTION

1. These notes give basic information to help with the interpretation of tables in this Summary Volume. More general information about the Census is given in a separate Business Monitor - Report on the Census of Production, Introductory Notes (PA1001).

2. Since 1980, Censuses have been conducted on the Standard Industrial Classification Revised 1980 (SIC(80)). This classification exists to promote uniformity and comparability in the official statistics of the United Kingdom and is the result of an attempt to align the United Kingdom classification with the General Industrial Classification of Economic Activities within the European Communities (NACE). It is based on activity rather than commodities produced. A full description of SIC(80) is given in Standard Industrial Classification Revised 1980, obtainable from HMSO price £4.25.

3. In 1990, however, the first revision of NACE was made by EC regulation. This regulation makes it necessary for the UK to introduce a new Standard Industrial Classification, SIC(92), based on NACE Rev I. The regulation guarantees comparability between national and Community classifications and therefore between national and Community statistics. Full details of SIC(92) are given in 'Standard Industrial Classification 1992', obtainable from HMSO, price £17.50, reference ISBN 0 11 620551 2.

The first Census to be conducted on the basis of SIC(92) will be that for 1993. However, 1991 data reworked to SIC(92) Section and Sub-Section level for tables 1, 3, 5, 6 and 7 of this Volume was published in a supplementary edition (PA1002.1), obtainable from HMSO, price £23.00. For the 1992 Census a similar supplement will be published containing additional tables reworked to SIC(92).

## REPORTING UNITS

4. From the earliest censuses of production until that for 1986 the reporting unit to the census was the establishment. This was defined as the smallest unit which could provide the full range of data required for an economic census. Establishments were asked, where possible, to exclude from their returns to the census any non-production activity.

5. In 1987, for a number of administrative and statistical reasons, a new system of company based reporting was introduced. Under the new system the reporting unit to the census is, generally, the company, but there are some exceptions. These arise, for example, for large mixed activity companies which are asked to make separate returns to the census for each of their

production activities on an establishment basis. Throughout this monitor this mixture of reporting units are referred to as "business". These businesses are no longer asked to exclude non-production activities.

6. In practice, since most businesses, both before and after the change, reported for the company as a whole, little difference to the main economic series has resulted from the change.

7. For most businesses the returned data are appropriate to a single activity heading of SIC(80) and fall within a single geographical region. Where information covers a mixture of activities, the business is classified according to the main activity. Where the business operates at a number of different addresses then, in order to enable regional data to be compiled, separate information on employment and capital expenditure is sought for each address.

8. For certain tables in the Summary Volume, related establishments are combined to enterprise level. An enterprise is defined as one or more businesses under common ownership or control. Information about relationships between businesses, the changing structure of groups of businesses and common ownership links is obtained from various, mainly published, sources.

## THE REGISTER

9. A register of businesses throughout the United Kingdom is held on the CSO computer and provides the basis for CSO inquiries. For each business the register contains identification particulars and information about its eligibility for inclusion in an inquiry, its relationship with other businesses in common ownership, its industrial classification, the nationality of its parent and location indicators for regional analyses. Regional and size analyses of manufacturing units are published in Business Monitor PA1003 - Size analyses of United Kingdom businesses.

10. The Annual Census and other CSO inquiries provide a major source of information for checking the register and updating employment data. Where businesses do not make returns to these inquiries, estimates of employment are imputed from VAT turnover. For businesses which have an imputed employment of 11 or more, the estimates are checked by means of register proving forms. For businesses on the register making returns to the Quarterly or Annual Sales Inquiries, industrial classification is reviewed annually and is derived from an analysis of their commodity sales. For other businesses the classification is obtained either from VAT sources or from the register proving forms. Estimates of employment made by the CSO and the Department of Employment differ because they are derived from two separate inquiries and use different procedures and employment definitions.

11. The register for construction units is created each year from the Department of the Environment's Builders' Address File of private sector undertakings in Great Britain engaged in construction activities. To this are added undertakings in the public sector (usually the direct labour departments of local authorities) and undertakings in Northern Ireland.

#### COVERAGE

12. The Census covers United Kingdom businesses engaged in industrial production, ie. mining and quarrying, manufacturing, construction, and gas, electricity and water supply industries (Divisions 1 to 5 of SIC(80)). Businesses in the Channel Islands and the Isle of Man are excluded.

13. Under the sampling arrangements agreed for the 1991 Census, forms were despatched to all businesses with 100 or more employed and, for most production industries, samples of 1 in 4 and 1 in 2 respectively being taken for businesses in the 20 to 49 and 50 to 99 employment size bands. It was necessary to increase the sample in those industries where there were few businesses in the sample size band or where response in earlier years was poor. In the construction industries, forms were despatched to all undertakings with 50 or more employed and to a 1 in 2 sample of undertakings with 20 or 49 employed. The sampling scheme is reviewed each year in the light of experience in the previous year's census.

#### PERIOD COVERED

14. Businesses were asked to make returns for the calendar year 1992 but, where it was not possible, returns for business years ending between 6 April 1992 and 5 April 1993 were accepted. Returns covering fewer than twelve months were accepted for businesses which had started or ceased trading during the year.

#### ESTIMATION

15. All published Census results include estimates for non-responders, unsatisfactory returns and businesses not selected for the Census. Estimates are also made for items not covered on the shorter form sent to smaller businesses.

16. Within employment size groups in each industry, the "average per head" is calculated for each census variable by dividing the total returned value for each variable by the total returned employment. This value is multiplied by the employment thought to exist in each non-responding or unselected business to yield an estimated value for that business. Estimates

for items not collected on the shorter form are made in a similar way using returned employment.

17. The accuracy of the totals produced by adding together estimates and returned data is mainly dependant on the level of response. The extent to which businesses making satisfactory returns account for the total employment of any industry is shown as a percentage in footnote (a) to table 1 in the Industry Report. Thus the accuracy of the data published in an Industry Report where 95 per cent of the employment in the industry is covered by the returns made will, in general, be better than that in an Industry Report where the coverage is only 70 per cent.

18. Additionally, the extent to which individual headings in an Industry Report are related to employment should be taken into account in assessing the accuracy of estimated data. Thus an estimate of total earnings which bears a close relationship to total employment is likely to be more accurate than an estimate of capital expenditure where the relationship to employment is not so clearly marked.

#### SUPPRESSION OF INFORMATION RELATING TO INDIVIDUAL UNDERTAKINGS

19. Sub-section 9(5)(b) of the Statistics of Trade Act 1947 states that:-

"The following provisions shall have effect with respect to any report, summary or other communication to the public of information obtained under the foregoing provisions of this Act in compiling any such report, summary or communication the competent authority shall so arrange it as to prevent any particulars published therein from being identified as being particulars relating to any individual person or undertaking except with the previous consent in writing of that person carrying on that undertaking, as the case may be; but this provision shall not prevent the disclosure of the total quantity or value of any articles produced, sold or delivered; so, however, that before disclosing any such total the competent authority shall have regard to any representations made to them by any person who alleges that the disclosure thereof would enable particulars relating to him or to an undertaking carried on by him to be deduced from the total disclosed".

20. Figures which would be likely to disclose particulars relating to an individual undertaking are not published unless the contributor has given written consent for their publication.

#### CHANGES MADE FOR 1992

21. The 1992 Census like that for 1991 was a slimline one. An additional question identifying those businesses with empl-

oyees engaged in Research and Development work was included and the breakdown on capital and current costs associated with pollution prevention and solid waste management, introduced for the 1991 Census, was retained. As part of the CSO's efforts to reduce the form filling burden on industry, the break-down of questions on capital expenditure and stocks were excluded. Data for these variables in the 1992 results have been estimated from information collected in the CSO Quarterly Capital Expenditure and Stocks Inquiries.

22. The following symbols are used throughout the PA series of Business Monitors

- .. not available
- nil or less than half the final digit shown
- \* information suppressed to avoid disclosure
- R revised

#### ROUNDING OF FIGURES

23. Figures in the tables have been rounded to the nearest final digit where necessary and, in these instances, the sum of the constituent items may not always agree exactly with the total shown.

#### EXPLANATION OF TERMS USED IN THE CENSUS REPORT

24. The notes and definitions given in this section are based on the instructions given to respondents as to the way in which returns were to be completed.

#### CAPITAL EXPENDITURE

25. This represents the value charged to capital account together with any other amounts which ranked as capital items for taxation purposes during the year to which each return related. From 1988 contributors were asked to include the value of assets acquired as lessees under finance leasing arrangements. The value is inclusive of any amounts received or expected to be received in grants and/or allowances from government sources, statutory bodies or local authorities. Capital expenditure during the year in respect of production units where production had not started before the end of the year and the value of CAPITAL GOODS PRODUCED FOR USE WITHIN THE BUSINESS by its own staff are included. The value of assets acquired

in taking over an existing business are excluded. The figures include non-deductable VAT but exclude deductible VAT. No allowance is made for depreciation, amortisation or obsolescence.

#### a. on LAND AND EXISTING BUILDINGS

26. This represents the value of freeholds and the value or premium payable or receivable for leaseholds acquired or disposed of. The figures for acquisitions include architects' and surveyors' fees, legal fees, stamp duties, agents' commissions and Land Registry fees. The figures for disposals are net of any such professional fees payable.

#### b. on NEW BUILDING WORK

27. This represents the value of new building and other constructional work such as the extension and reconstruction of old buildings, and the value of any newly constructed buildings acquired. The figures include architects' and surveyors' fees, legal fees, stamp duties, agents' commissions and Land Registry fees.

#### c. on PLANT AND MACHINERY, VEHICLES

28. This represents the value of new and second-hand plant and machinery and vehicles acquired or disposed of. The figures for acquisitions are net of any discounts received but include the cost of transport and installation and Customs and Excise car tax. The figures for disposals exclude amounts written off for capital assets which are scrapped.

#### CAPITAL GOODS PRODUCED FOR USE WITHIN THE BUSINESS

29. This represents the value of all work of a capital nature carried out during the year by the staff of, and for use in, the businesses covered by the returns.

#### COST OF INDUSTRIAL SERVICES RECEIVED

30. This includes amounts payable to other organisations for work done on materials supplied by the business completing the return, for repairs and maintenance including those in respect of rented buildings, and for contracts which have been sublet. Direct payments to outworkers and amounts charged to capital account are excluded.

### **COST OF NON-INDUSTRIAL SERVICES RECEIVED**

31. Up to 1987 contributors were asked to include annual payments for assets acquired on a finance leasing basis. From 1988 they were asked to include the total value of such assets as capital expenditure during the year in which they were acquired. The COST OF NON-INDUSTRIAL SERVICES RECEIVED includes commercial insurance premiums, bank charges and amounts payable to other organisations for the hire of vehicles, plant and machinery, for the rent of industrial and commercial buildings for the services of accountants, auditors, agents, solicitors and surveyors other than in connection with the acquisition or disposal of capital assets, for postal and telecommunications services, for carriage by all forms of transport within the United Kingdom, for advertising, market research etc, for the right to use patents, trade-marks, copyrights etc, for manufacturing and quarrying rights and technical know-how. Interest payments and amounts payable for sea and air-freight on goods exported and materials and fuel imported are excluded.

### **EMPLOYERS' NATIONAL INSURANCE CONTRIBUTIONS ETC.**

32. This includes employers' national insurance contributions under the Social Security Pensions Act 1975, commercial insurance premiums for policies providing pensions, superannuation or other retirement benefits, sickness benefits, personal accident benefits, disability benefits or death benefits for employees, former employees or their dependants. Also included are contributions to canteens, social centres, children's and holiday homes etc. and the cost of supplying luncheon vouchers.

### **EMPLOYMENT**

33. This is the average number of ADMINISTRATIVE, TECHNICAL AND CLERICAL EMPLOYEES and OPERATIVES on the payroll and the number of WORKING PROPRIETORS employed during the year of return. Full-time and part-time employees are included but outworkers (ie. people who worked in their own homes on materials supplied by the business) and casual employees are excluded. The average number of employees returned by individual businesses may have been calculated by, for example, the average of the number of employees on the payroll for the last week of each calendar month.

#### **a. ADMINISTRATIVE, TECHNICAL AND CLERICAL EMPLOYEES**

34. This includes directors who received a definite wage, salary or commission, managers, foremen, draughtsmen, editorial and advertising staff, travellers, all office employees and research and design employees except operatives.

#### **b. OPERATIVES**

35. This includes all manual wage earners including operatives in power stations, operatives engaged in outside work of erecting, fitting etc, inspectors, maintenance workers and cleaners. Staff engaged in transport (including roundsmen) and employed in warehouses, stores, shops and canteens are included.

#### **c. WORKING PROPRIETORS**

36. These are people who are regarded as self-employed for national insurance purposes, members of their families who worked in the business without receiving a definite wage or salary for at least half the normal working hours and directors who worked in the business but did not receive a definite wage, salary or commission. Part-time directors paid by fee only and directors who received a definite wage, salary or commission are excluded.

### **GROSS OUTPUT**

37. This is calculated by adjusting the value of TOTAL SALES AND WORK DONE by the change during the year of WORK IN PROGRESS and GOODS ON HAND FOR SALE.

### **GROSS VALUE ADDED AT FACTOR COST**

38. This is calculated by deducting from NET OUTPUT the COST OF NON-INDUSTRIAL SERVICES RECEIVED, RATES and the cost of LICENSING OF MOTOR VEHICLES. This estimate of gross value added approaches more closely than NET OUTPUT the definition of net output or value added in national accounts statistics.

### **GROSS VALUE ADDED AT FACTOR COST PER HEAD**

39. This is calculated by dividing GROSS VALUE ADDED AT FACTOR COST by total EMPLOYMENT.

### **NET CAPITAL EXPENDITURE**

40. This is calculated by adding to the value of NEW BUILDING WORK acquisitions less disposals of LAND AND EXISTING BUILDINGS, VEHICLES and PLANT AND MACHINERY.

### **NET OUTPUT**

41. This is calculated by deducting from GROSS OUTPUT the cost of PURCHASES OF MATERIALS FOR USE IN PRODUCTION AND PACKAGING AND FUEL and PURCHASES OF GOODS FOR MERCHANTING OR FACTORING, the COST OF INDUSTRIAL SERVICES RECEIVED and is adjusted for net duties and levies etc. where applicable. Purchases are adjusted for changes during the year of STOCKS OF MATERIALS, STORES AND FUEL.

### **NET OUTPUT PER HEAD**

42. This is calculated by dividing NET OUTPUT by total EMPLOYMENT.

### **NON-INDUSTRIAL SERVICES RENDERED**

43. This includes amounts charged for the hire of vehicles, plant and machinery, for the rent of industrial and commercial buildings, for the right to use patents, trade-marks, copyrights etc, for manufacturing and quarrying rights, for technical know-how and for the provision of transport to other organisations. It also includes revenue from staff facilities such as canteens.

### **OPERATING RATIOS**

44. These ratios are calculated using industry totals, ie. including the estimates for businesses not responding to or not selected for the Census. Respondents are able to compare the ratios for their own businesses with those for the industry as a whole.

### **PURCHASES OF MATERIALS FOR USE IN PRODUCTION, AND PACKAGING AND FUEL. PURCHASES OF GOODS FOR MERCHANTING OR FACTORING**

45. These include the cost of raw materials, components, semi-manufactured goods and workshop materials, replacement parts and consumable tools not charged to capital account, packaging materials of all types, stationery and printed matter, fuel, electricity and water, materials of all types used by the businesses or given out to others, for the production of machinery or other capital items used in the business, and materials used when working on goods supplied by customers. The figures exclude VAT, purchases of machinery and plant, which are

included in CAPITAL EXPENDITURE, and amounts payable to transport firms or credited to the business's own transport departments for delivery of materials. The figures are net of the value of goods or packaging materials returned to suppliers and trade discounts receivable. Materials purchased duty-paid are included at their duty-paid value less drawbacks, rebates etc. Imported goods are included at their full delivered cost. If the transport from docks or airport of imported goods is not included in the cost of goods purchased, the cost is entered at cif plus duty, if applicable. Transfers of goods from other departments of the business not covered by the return are included at the estimated selling value recorded by the other departments.

### **REMUNERATION PAID TO OUTWORKERS**

46. This represents amounts paid to outworkers, ie. people who do work in their own homes generally on a piece-work basis, whose names appear on the payroll. Amounts paid to outworkers by subcontractors are included in the COST OF INDUSTRIAL SERVICES RECEIVED. Estimates are not made for remuneration of outworkers for businesses not completing Census returns.

### **SALES OF GOODS PRODUCED**

47. This represents sales of goods during the year, irrespective of whether or not they were produced in the year of the return. It also includes sales of goods made from materials given out to other firms or to outworkers and sales of waste products and residues. The value of sales is the 'net selling value', ie. the amount charged to customers whether valued 'ex-works' or 'delivered' less VAT, trade discounts, agents' commissions etc. and allowances on returned goods. Where products attract Excise duty, the value includes duty if the goods are sold duty-paid, but excludes it if they are sold in bond or exported. The cost of packaging materials less allowances for returnable containers is included. Sales of fixed assets and exceptional receipts are excluded. Transfers of goods produced by a business to departments not covered by the return (including other businesses in the same enterprise group) are treated as sales, valued as if sold to an independent purchaser.

### **STOCKS**

48. This represents the value of goods on hand for sale, including goods for merchanting or factoring and of materials, stores and fuel held by businesses, whether held in the United Kingdom or abroad. Values include any duty payable but exclude VAT.

## WAGES AND SALARIES

49. This represents amounts paid during the year to ADMINISTRATIVE, TECHNICAL AND CLERICAL EMPLOYEES and to OPERATIVES. All overtime payments, bonuses, commissions, holiday pay and redundancy payments less any amounts reimbursed for this purpose from government sources are included. No deduction is made for income tax or employees' national insurance contributions etc. Payments to WORKING PROPRIETORS, payments in kind, travelling expenses, lodging allowances etc. and EMPLOYERS' NATIONAL INSURANCE CONTRIBUTIONS ETC. are excluded.

## WORK DONE AND INDUSTRIAL SERVICES RENDERED

50. This includes amounts charged for work carried out including that done by sub-contractors on customers' materials including amounts charged for materials supplied in the course of such work. Industrial services such as repairs and maintenance, installation work and technical research and studies rendered to other organisations are also included. For certain industries this heading covers a wide variety of activities, for example, butter packed on commission in the food industries, making up of garments, fur dressing and textile finishing in the textile industries, and preparatory work on typesetting, block making and binding in the printing and publishing industries. Work done is an important part of the activities of the electrical machinery and heavy engineering industries, and includes erection, installation and repair and jobbing work.

## WORK IN PROGRESS

51. This represents materials which have been partially processed and are awaiting further processing before being sold or transferred. Progress payments made to sub-contractors are excluded and progress payments received from other organisations are not deducted.

## GROUP 130 EXTRACTION OF MINERAL OIL AND NATURAL GAS

52. Most of the information published for Group 130 is provided by the Department of Energy, derived from data collected by the Central Statistical Office from contractors and holders of petroleum exploration and production licences in quarterly inquiries conducted under the Statistics of Trade Act

1947. Additional information is collected by the Department of Energy from holders of seaward and landward licences in an administrative inquiry conducted under the Petroleum and Submarine Pipelines Act 1975.

## STANDARD REGIONS

53. The list below gives the definitions of the standard regions used in tables in the Summary Volume. Metropolitan counties are marked by an \*.

### South East

Greater London, Bedfordshire, Berkshire, Buckinghamshire, East Sussex, Essex, Hampshire, Hertfordshire, Isle of Wight, Kent, Oxfordshire, Surrey, West Sussex.

### East Anglia

Cambridgeshire, Norfolk, Suffolk.

### South West

Avon, Cornwall, Devon, Dorset, Gloucestershire, Somerset, Wiltshire.

### West Midlands

West Midlands\*, Hereford and Worcester, Shropshire, Staffordshire, Warwickshire.

### East Midlands

Derbyshire, Leicestershire, Lincolnshire, Northamptonshire, Nottinghamshire.

### Yorkshire and Humberside

South Yorkshire\*, West Yorkshire\*, Humberside, North Yorkshire.

### North West

Greater Manchester\*, Merseyside\*, Cheshire, Lancashire.

### North

Tyne and Wear\*, Cleveland, Cumbria, Durham, Northumberland.

### Wales

Clwyd, Dyfed, Gwent, Gwynedd, Mid Glamorgan, Powys, South Glamorgan, West Glamorgan.

### Scotland

Borders, Central, Dumfries and Galloway, Fife, Grampian, Highland, Lothian, Strathclyde, Tayside, and the Orkney Islands, Shetland Islands and the Western Isles.

### Northern Ireland

Antrim, Armagh, Belfast CB, Down, Fermanagh, Londonderry, Londonderry CB, Tyrone.

## ASSISTED AREAS

54. Assisted areas are areas for which government grants and other help are available. There are two classes of assisted areas: development and intermediate.

LIST OF CONTENTS

TABLE NO	TITLE	Page
	<b>Explanatory Notes and Definitions</b>	
	<b>Business Analyses</b>	
1	Output and costs by Group, Divisions 1 - 5, 1988 - 1992	12-39
2	Employment and labour costs by Group, Divisions 1 - 5, 1988 - 1992	40-67
3	Cost of non-industrial services received, licensing of motor vehicles and rates (excluding water rates) by Group, Divisions 1 - 5, 1988 - 1992	68-81
4	Index of specialisation by Group, Divisions 2 - 4, 1988 - 1992	82-87
5	Capital expenditure and stocks and work in progress by Group, Divisions 1 - 5, 1988 - 1992	88-115
6	Employment, wages and salaries, output, net capital expenditure and stocks and work in progress by size of total employment by Class, Divisions 2 - 5, 1992	116-137
	Map showing employment: Scotland, Wales, Northern Ireland and standard regions of England; Manufacturing 1992	138
	Map showing gross value added per head: Scotland, Wales, Northern Ireland and standard regions of England; Manufacturing 1992	139
7	Employment, wages and salaries, output and net capital expenditure by country and standard region by Class, Divisions 2 - 4, 1992	140-161
8	Employment and net capital expenditure by country, standard region and assisted area by Class, Divisions 2 - 4, 1992	162-183
9	Percentage analysis of twelve-month periods covered by returns received for the 1992 Census by total employment by Group, Divisions 1 - 5	184-193
10	Operating ratios by Group, Divisions 1 - 5, 1988 - 1992	194-221

		1991	..	206,237	66,548.5	..	..	..
		1992	..	210,813	62,389.6	..	..	..

(a) The count of enterprises shown in each row represents the number of enterprises owning the businesses in the Group. Because an enterprise may own businesses in more than one Group, the sum of the enterprise counts for all Groups within a Class and all Classes within a Division may exceed the enterprise count at the higher level.

(b) For this table only, motor vehicle licences and rates have been included in the cost of non-industrial services. More detailed figures are provided in Table 3.

(c) Figures for Group 130 - Extraction of mineral oil and natural gas - are excluded.

(d) Figures for the number of undertakings engaged in Group 130 - Extraction of mineral oil and gas -, Group 161 - Production and distribution of electricity - and Group 162 - Public gas supply are excluded.

(e) For Class 50 - Construction - figures for the cost of industrial and non-industrial services are generally not available separately and with the exception of 1989 are shown combined.

(f) Licensed small mines, estimated to account for less than 1% of output, are excluded throughout.

(g) Figures for Activity Heading 1114 - Opencast coal working - are excluded throughout. See Table 11.

(h) This is the number of colliery units for administrative and accounting purposes which are in active production. Units can comprise more than one mine.

Gross output	Purchases	Increase during the year, stocks of materials, stores and fuel	Cost of industrial services received	Net output		Cost of non-industrial services (b)	Gross value added at factor cost	
				Total	per head		Total	per head

(j) Excise payments, duties, levies, etc. paid net of amounts received are included.

(k) Sales are valued at ex-quarry, ex-mine or ex-works prices in the mining and quarrying industries.

(l) Gross output for the mining and quarrying industries includes the value of transport which has not been included in the sales of goods produced. See also note (k).

(m) From 1990 figures for businesses classified to Group 456 - Fur goods - have been included.

(n) Figures for 1989 exclude estimates for establishments employing fewer than 20 persons for:-

i. Capital goods produced by establishment's own staff for use in the businesses covered by the returns, and new buildings constructed (total sales and work done).

ii. Change in year in goods on hand for sale (gross output).

iii. Motor vehicle licences, rates, change in year in stocks of materials, stores and fuel (gross value added at factor cost).

**TABLE 2** Employment and labour costs by Group, Divisions 1-5, 1988-1992

TABLE 2 (continued)

Standard Industrial Classification Revised 1980 Division Class Group	Industry	Year	Employment		
			Total	Operatives	Administrative, technical and clerical
			Thousand	Thousand	Thousand
49	Other manufacturing industries (continued)				
491	Jewellery and coins	1988	14.3	8.8	4.0
		1989	14.8	9.0	4.2
		1990	12.7	8.2	3.3
		1991	11.5	7.2	3.2
		1992	12.1	7.6	3.2
492	Musical instruments	1988	2.6	2.0	0.4
		1989	2.6	2.0	0.5
		1990	2.5	1.8	0.5
		1991	2.3	1.7	0.5
		1992	2.3	1.7	0.4
493	Photographic and cinematographic processing laboratories	1988	12.3	8.7	3.4
		1989	14.2	10.0	4.0
		1990	13.3	10.5	2.7
		1991	13.0	10.1	2.7
		1992	13.4	10.1	3.0
494	Toys and sports goods	1988	18.7	13.8	4.4
		1989	19.4	14.4	4.6
		1990	17.9	12.8	4.7
		1991	15.6	10.7	4.4
		1992	15.1	10.1	4.6
495	Miscellaneous manufacturing industries	1988	40.2	26.3	11.0
		1989	41.4	27.5	10.7
		1990	38.6	25.6	10.2
		1991	34.5	22.8	8.9
		1992	36.4	23.7	9.6
5	Construction (d)	1988	1,146.5	..	..
50		1989	1,160.3	..	..
1990		1,163.1	..	..	
1991		1,035.2	..	..	
1992		1,015.5	..	..	

- (a) Figures for Group 130 - Extraction of mineral oil and natural gas - are excluded.
- (b) Figures for Activity Heading 1114 - Opencast coal working - are excluded throughout. See Table 11.
- (c) From 1990 figures for businesses classified to Group 456 - Fur goods - have been included.

Wages and salaries

Operatives	Administrative, technical and clerical		Employers' national insurance contributions
	Total	per head	
	£ million	£	
13,261.1	..	..	..
13,018.3	..	..	1,597.7
16,310.6	..	..	..
15,442.0	..	..	..
15,999.5	..	..	..

- (d) Figures for wages and salaries in the Construction industry are not available separately. Figures shown under wages and salaries - operatives - are for total wages and salaries and with the exception of 1989 include the cost of employer's national insurance contributions.

**TABLE 3 Cost of non-industrial services received, licensing of motor vehicles and rates (excluding water rates) by Group, Divisions 1-5, 1988-1992**  
All United Kingdom businesses classified to production and construction

(a) Figures for Group 130 - Extraction of mineral oil and natural gas - are excluded.

(b) Figures for Activity Heading 1114 - Opencast coal working - are excluded throughout. See Table 11.

(c) From 1990 figures for businesses classified to Group 456 - Fur goods - have been included.

(d) Bank charges included in other non-industrial services.

(e) Figures for rates, excluding water rates, are included with figures for rents, hire of plant, machinery and vehicles.

**TABLE 4** Index of specialisation by Group, Divisions 2-4, 1988-1992 (a)  
All United Kingdom businesses classified to manufacturing

(a) The index of specialisation for an industry is obtained by expressing the sales of principal products of that industry, produced by businesses classified to that industry, as a percentage of the total sales of those businesses. The indices are based on data collected in the Quarterly and Annual Inquiries into Manufacturers' Sales, the results of which are published in the PQ series of Business Monitors.

(b) This information refers to AH 4213 - Ice cream - only.

**TABLE 5 Capital expenditure and stocks and work in progress by Group, Divisions 1-5, 1988-1992**  
**All United Kingdom businesses classified to production and construction**

(a) See paragraph 21 of explanatory notes for changes in method introduced for the 1992 census.

(b) Figures for Group 130 - Extraction of mineral oil and natural gas - are excluded.

(c) Figures for Activity Heading 1114 - Opencast coal working - are excluded throughout. See Table 11.

(d) Figures for Group 130 - Extraction of mineral oil and natural gas - include off-shore production platforms, production and appraisal wells, tanker off-shore loading systems, pipelines and terminals and the cost of installation.

(e) Figures for Group 130 - Extraction of mineral oil and natural gas - include platform modules and equipment and the cost of installation.

(f) Figures for Group 130 - Extraction of mineral oil and natural gas - include ships, mobile drilling rigs and specialised floating equipment.

(g) Work in progress included in Goods on hand for sale.

(h) From 1990 figures for businesses classified to Group 456 - Fur Goods - have been included.

**TABLE 6 Employment, wages and salaries, output, net capital expenditure and stocks and work in progress by size of total employment by Class, Divisions 2-5, 1992**  
All United Kingdom businesses classified to manufacturing and construction

(a) Where a business covered addresses in more than one region, estimates of the wages and salaries, net output and gross value added attributable to each address were made based on employment at each address. Information on employment and net capital expenditure was collected for each address. Figures for each variable for each region were obtained by adding estimates for addresses located in each region.

Net output (a)			Gross value added at factor cost (a)			Net capital expenditure (b)

		1989	5,927	5,970	35.2
		1990	5,389	5,419	32.6
		1991	5,050	5,070	28.8
		1992	5,252	5,270	30.5

(a) Figures for 1989 exclude estimates for establishments employing fewer than 20 persons for:-

- i. Capital goods produced by establishment's own staff for use in the businesses covered by the returns, and new buildings constructed (total sales and work done).
- ii. Change in year in goods on hand for sale (gross output).
- iii. Motor vehicle licences, rates, change in year in stocks of materials, stores and fuel (gross value added at factor cost).

Wages and salaries	Total sales and work done	Gross output	Net output	Gross value added at factor cost	Net capital expenditure
£ million	£ million	£ million	£ million	£ million	£ million
65.7	351.1	355.3	186.6	145.1	12.8
75.0	374.4	377.2	171.3	116.4	12.3

62.7	318.8	317.5	159.3	125.6	9.5
67.7	338.8	342.2	176.7	138.8	9.7
68.1	317.5	320.2	158.6	126.6	14.3
70.6	334.1	333.9	170.6	138.4	11.1
233.7	1,008.6	1,016.6	503.5	421.4	30.5
274.0	1,106.6	1,109.5	593.1	506.7	34.3
272.6	1,140.7	1,143.8	586.5	496.3	36.8
253.8	1,033.1	1,040.1	540.7	439.3	24.1
283.1	1,204.7	1,205.6	648.3	517.5	22.6

(b) Figures for wages and salaries in the opencast coal working industry, with the exception of 1989, include the cost of employer's national insurance contributions.

(c) From 1990 figures for businesses classified to Activity 4560 - Fur goods - have been included.

(a) Figures for the number of establishments engaged in Group 121 - Production and distribution of electricity - are excluded.  
 (b) Figures for Group 122 - Extraction of mineral oil and natural gas - are excluded.  
 (c) Figures for Group 123 - Extraction of mineral oil and natural gas - are excluded.  
 (d) Figures for the number of establishments engaged in Group 124 - Production and distribution of electricity - are excluded.  
 (e) Figures for the number of establishments engaged in Group 125 - Production and distribution of electricity - are excluded.

**TABLE 12** Employment, wages and salaries, output, net capital expenditure and stocks and work in progress by size of total employment within private and public sectors, Divisions 1-4, 1992

	5 largest enterprises(j)	5	6	2.8	1.8	1.0	17.2	9,347
	Percentage of total			7.7	7.7	10.2	8.8	

(a) The count of enterprises shown in each row represents the number of enterprises owning the businesses in the Group. Because an enterprise may own businesses in more than one Group, the sum of the enterprise counts for all Groups within a Class and all Classes within a Division may exceed the enterprise count at the higher level.

(b) Businesses employing fewer than 20 persons are not required to complete Census returns. Because of this, data for these businesses should be regarded merely as the best estimates available and used with caution.

(c) Gross value added data for size group 1-99 is included in the following size group.

(d) Figures for Group 130 - Extraction of mineral oil and natural gas - are excluded.

Wages and salaries		Total sales and work done	Gross output	Net output		Gross value added at factor cost (c)		Net capital expenditure	Total stocks and work in progress

(e) Figures for the number of undertakings engaged in Group 161 - Production and distribution of electricity - and Group 162 - Public gas supply - are excluded.

(f) Licensed small mines, estimated to account for less than 1% of output, are excluded throughout.

(g) Figures for Activity Heading 1114 - Opencast coal working - are excluded throughout. See Table 11.

(h) This is the number of colliery units for administrative and accounting purposes which are in active production. Units can comprise more than one mine.

(j) Five largest enterprises by size of total employment.

(a) Foreign enterprises are defined as those controlled by companies incorporated overseas. Where a business covered addresses in more than one region, estimates of the net output and gross value added attributable to each address were made based on employment at each address. Information on employment and net capital expenditure was collected for each address. Figures for each variable for each region were obtained by adding estimates for addresses located in each region.
