VOORWOORD

Hierdie verslag is die eerste van twee verslae van Boekdeel 8 in die reeks oor die Bevolkingsensus wat op 6 September 1960 gehou is. Boekdeel 8 handel oor beroepe.

Die verslag toon vir Suid-Afrika en vir elke provinsie besonderhede aan van die beroepe waarin die vier rasse - Blankes, Kleurlinge, Asiate en Bantoe - werksaam was. Dié besonderhede word ook aangetoon in verband met items soos inkomste, werkstatus, nywerheid en identiteit van werkgewer. Besonderhede van die Bantoe se inkomste was nie gevra nie.

Sommige van die belangrikste gegewens oor beroepe is reeds gepubliseer in vroeëre verslae oor die sensus wat in 1962 en daarna uitgereik is.

'n Lys van verslae wat reeds ten opsigte van die Bevolkingsensus van 1960 gepubliseer is, verskyn onder die hoof "Bibliografie" na die Verduidelikende Opmerkings.

PREFACE

This report is the first of two reports comprising Volume 8 in the series on the Population Census taken on 6 September 1960. Volume 8 deals with occupations.

This report shows for South Africa and for each province particulars of the occupations in which the four races - Whites, Coloureds, Asiatics and Bantu - were employed. These particulars are also shown in relationship to such items as income, work status, industry and identity of employer. Particulars of income were not called for in respect of Bantu.

Some of the main data on occupations have already been published in earlier reports on the census, which were issued in 1962 and subsequent years.

A list of reports which have already been published in respect of the 1960 Population Census appears under the heading "Bibliography" following the Explanatory Notes.

VERDUIDELIKENDE OPMERKINGS

1. Basis van opname

Die bevolkingsgegevens word in hierdie verslag op 'n de facto-grondslag verstrekk, dit wil sê persone word opgegee volgens die plek waar hulle opgeneem is. Daar moet op die volgende uitsonderings, insluitings en uitsluitings gelet word:-

- Persone wat op treine opgeneem is, word ooreenkomstig hul gewone woonplek opgegee;
- waar moontlik, is Suid-Afrikaanse inwoners wat op die sensusdag in die buiteland was op 'n later datum opgeneem, en hierdie persone word ook ooreenkomstig hul gewone woonplek opgegee;
- vreemde besoekers wat ten tyde van die sensus opgeneem is, word nie in hierdie verslag ingesluit nie. Dit verklaar die verskille tussen die totale wat in hierdie verslag gepubliseer word en dié wat in die verslag "Geografiese Indeling van die Bevolking" (Boekdeel 1) verskyn;
- lede van die diplomatieke diens van ander lande is nie opgeneem nie;
- vreemde Bantoes wat op sensusdag in Suid-Afrika werksaam was, is in die tabelle ingesluit.

2. Rassegroepe

Hierdie verslag is verdeel in vier reekse tabelle wat inligting bevat oor onderskeidelik Blankes, Kleurlinge, Asiate en Bantoe.

3. Beroepsindeling

Die beroepsindeling gebruik, is gegrond op die "International Standard Classification of Occupations" met die nodige aanpassings en wysigings om by Suid-Afrikaanse omstandighede aan te pas. Die grondslag van beroepsindeling is die aard van die werk verrig, ongeag die nywerheid waarin die beroep beoefen word.

Besonderhede volgens 'n uitvoerige lys van beroepe word slegs in Tabel 2 gegee. In die ander tabelle word besonderhede of volgens hoofberoepsgroepe of volgens beroepsgroepe gegee. Die hoofgroepe skryfte gee 'n algemene aanduiding van die aard of soort werk waarby die werker betrokke is, terwyl die groepe skryfte sommige besonderhede van die vernaamste soorte beroepe aantoon.

Groep: Direkteur, Bestuurder en Werkende Eienaar

Hierdie werkers se primêre funksie is om die werksaamhede van private of openbare ondernemings en organisasies (behalwe landbou-ondernemings) te beplan, organiseer, bestuur en koördineer.

Van die groep is persone uitgesluit wat, ofskoon hulle werkende eienaars is, of wat soms "bestuurder" of "direkteur" genoem word, in die eerste plek professionele funksies verrig soos die van rekenmeester, argitek, ingenieur, skeikundige, apteker, mediese praktisyn, ens., of wie se werk hoofsaaklik van 'n tegniese-, vakkundige- of diens-aard is, soos 'n tandtegnikus, snyer, hoedemaker, skryfwerker, elektriese-, haarsnyer, wasserywerker, ens. Boere en plaasbestuurders word onder die groep "Boer en plaasbestuurder" ingedeel (kodes 201-211). Werkende eienaars in die groothandel- en kleinhandelbedryf word onder die hoofgroep "Verkoopwerker" ingedeel (kode 160).

Hierdie uitsluitings moet in gedagte gehou word wanneer die werkstatusindeling wat in Tabel 2 verskyn, vertolk word.

4. Werkstatus

"Werkgever" sluit in werkers vir eie rekening, asook familie-assistente (besoldig en nie besoldig nie) wat in die besigheid, nywerheid, ens., werksaam is.

"Ander" sluit in persone wat 'n beroep verskaf het, maar wat op 6 September 1960 werkloos was. Sodanige persone is ingesluit indien hulle geressorteer het onder die groep wat in diens geneem kon word.

8. Ongerymdhede

Daar dien op gelet te word dat die inligting wat in die sensusopgawes verstrek is, in sekere gevalle blykbaar foutief was, in sover dat dit strydig was met ander inligting in die opgawes. Hierdie ongerymdhede is nie in alle gevalle deur die Departement opgeklaar nie, en sommige is waarneembaar in die verskillende tabelle waar beroepe met ander eienskappe gekombineer word.

9. Afwykings in die gegewens

In sommige gevalle bestaan daar verskille tussen die getalle van ooreenstemmende items in die verskillende tabelle van dieselfde verslag of van verskillende verslae. Dié afwykings word toegeskryf aan die metode van masjinale verwerking van die gegewens. In die meeste gevalle is die verskille betreklik onbeduidend en dus onbelangrik. Bowendien stem die totaal van die persone wat onder die verskillende eienskappe in die onderskeie tabelle ingedeel is, selde ooreen met die betrokke bevolkingstotaal. Die "verskil" tussen die totaal van elke tabel en die betrokke bevolkingstotaal word onderaan die kolom "Totaal" met 'n plus teken (+) of minusteken (-) aangedui. Hierdie "verskil", bygetel by of afgetrek van die totale getal getabelleerde persone, gee die "Bevolkingstotaal" wat onderaan elke tabel verskyn.

EXPLANATORY NOTES

1. Basis of enumeration

The population data in this report are shown on a de facto basis that is, persons are shown according to the place where they were enumerated. The following exceptions, inclusions and exclusions should be noted:-

- (a) Persons enumerated on trains are shown according to their usual place of residence;
- (b) where possible, South African residents who were abroad on census day were enumerated at a later date and these persons are also shown according to their usual place of residence;
- (c) foreign visitors enumerated at the census are not included in this report. This explains the differences between the totals published in this report and those appearing in the report "Geographical Distribution of the Population" (Volume 1);
- (d) members of the diplomatic services of other countries were not enumerated;
- (e) foreign Bantu who were employed in South Africa on census day are included in the tables.

2. Race groups

This report has been divided into four series of tables containing information on Whites, Coloureds, Asiatics and Bantu, respectively.

3. Occupational classification

The occupational classification employed is based on the International Standard Classification of Occupations with the necessary adaptations and amendments to suit South African conditions. The basis of the occupational classification is the nature of the work done, irrespective of the industry in which the occupation is pursued.

Particulars according to the detailed list of occupations are given in Table 2 only. In other tables, particulars are given according to either major occupational groups or occupational groups. The major-group titles give a broad indication of the nature or type of work with which the worker is concerned, while the group titles give some details of the principal types of occupations.

Group: Director, Manager and Working Proprietor

These are workers whose primary functions are to plan, organise, direct and co-ordinate the activities of private or public undertakings and organisations (other than agricultural enterprises).

Excluded from this group are persons who, although working proprietors or sometimes given the title of "manager" or "director", exercise primarily professional functions, e.g. accountants, architects, engineers, chemists, pharmacists, medical practitioners, etc., or whose work is mainly of a technical, craft or service character, e.g. dental mechanic, tailor, milliner, carpenter, electrician, barber, launderer, etc. Farmers and farm managers are classified in the group "Farmer and farm manager" (codes 201-211). Working proprietors in the wholesale and retail trade are classified in the major group Salesworker (code 160).

These exclusions must be borne in mind in interpreting the work status classification which appears in Table 2.

4. Work status

"Employer" includes workers on own account and family assistants (paid and unpaid) employed in business, industry, etc.

"Other" includes persons who furnished an occupation but were unemployed on 6 September 1960. Such persons were included if they were in the employable age groups.

5. Income

Definition -

Salary and wage earners: Gross income, that is income before deductions for pension, insurance, medical aid schemes, etc. Farmers, businessmen and professional men: Net income, that is, the total income less expenses incurred in earning the income.

In addition to earned income, the following are also included:

- (a) Pensions, dividends, interest and other regular income;
- (b) the value of free or privileged quarters and/or rations;
- (c) the value of self-produced agricultural and pastoral products (including livestock and poultry) consumed by the family.

Income excluded:

- (a) Irregular or abnormal income, such as inheritances, matured insurance policies, gratuities, etc.; and
- (b) household allowances and pocket-money transferred from one member of the family to another.

Income was furnished either for the twelve months ended 31 August 1960, or for the twelve months ended 30 June 1960, whichever period was preferred by the respondent when furnishing income data.

6. Industrial classification

The industrial classification employed in Table 3 is based on the International Standard Classification of All Economic Activities with the necessary amendments and adaptations for South African conditions.

Particulars are given according to industry divisions.

A brief indication of what is included under the different industry divisions follows hereunder.

Division 0: Agriculture, Forestry, Hunting and Fishing, including veterinary services and other agricultural services such as spraying of crops, harvesting, threshing, etc., when conducted as a separate business.

Division 1: Mining and quarrying.

Division 2/3: Manufacturing.

Division 4: Construction, including building, repairing and demolition of buildings, as well as civil engineering works and structural engineering.

Division 5: Electricity, gas, water and sanitary services, including the generation of electricity and manufacture of gas and distribution thereof; also the storage, purification and distribution of water. Sanitary services include those which are undertaken by local authorities as well as by private contractors.

Division 6: Commerce, including wholesale and retail trade, the motor trade, banks and other financial institutions, and insurance and real estate concerns.

Division 7: Transport, storage and communication, including public and private transport, except those divisions of the S.A. Railways which are classified under other appropriate industrial divisions, e.g. catering (services), permanent way and works (construction), workshops (manufacturing), etc.

Division 8: Services - Government, business, recreation and other services. This division includes the Government, provincial administrations and local authorities, except those departments or divisions which are separately classified under appropriate industrial divisions. It also includes educational, medical and health services, research and scientific institutions; religious, welfare and labour organisations; organisations for the promotion of business interests; cultural and political organisations; business services such as architectural, engineering, surveying, legal and accounting services; recreation and entertainment services, and other services such as domestic, refreshment and accommodation services; laundry and toilet services.

Division 9: Persons "not economically active", including housewives, scholars, etc.

Identity of employer: -

Public authorities:

- (a) Government
- (b) Provincial administrations
- (c) Local authorities constituted in terms of local government ordinances, Cape Province divisional councils and all other local authorities (Transvaal Board for the Development of Peri-Urban Areas, Natal Local Health Commission, etc.)

(d) Bantu Authorities (tribal, regional and territorial), and Bantu Resettlement Board.

Subsidiary public authorities

This group includes the Group Areas Development Board*, S.A. Bantu Trust, etc.

Subsidised institutions

This group includes the C.S.I.R. and S.A.B.S.; universities and certain technical colleges; national art galleries, botanic and zoological gardens; museums and libraries; National Parks Board of Trustees, S.A. Tourist Corporation, etc.

Public corporations

(a) S.A. Railways and Harbours, S.A. Airways.

(b) "Other" includes ESCOM; Rand Water Board; S.A. Reserve Bank and the Land and Agricultural Bank of S.A., the Industrial Development Corporation, the Fisheries Development Corporation and the Bantu Investment Corporation of S.A. Ltd., Sasol, Foskor, Iscor, Klipfontein Organic Products Corporation, etc.

Private Business Enterprises

This group includes agriculture; mining; manufacturing; construction; finance; commerce (including agricultural control boards); transportation; catering, accommodation and other service industries; associations and federations for the promotion of business interests; institutions for specific industrial research, etc.

Private households

Non-profit motive organisations

This group includes societies, clubs and other groups of persons associated for educational, cultural, recreational, social welfare, religious, benevolent and other purposes, trade unions, etc.

8. Inconsistencies

It should be noted that, in certain cases, the information furnished in the census returns was apparently incorrect in that it was inconsistent with other information in the returns. These inconsistencies were not clarified in all cases by the Department and some are apparent in the various tables where occupation is combined with other characteristics.

9. Variations in data

In some cases there are differences between the figures for corresponding items in different tables of the same report or of different reports. These variations are ascribable to the method adopted in machine processing of the data. The differences are in most cases relatively insignificant and, therefore, unimportant. Furthermore, the total of the persons, tabulated according to the various characteristics in the different tables, seldom corresponds with the relevant population total. The "difference" between the total of each table and the relevant population figure is indicated below the "Total" column by a plus(+) or minus (-) sign. This "difference" added to or subtracted from the total of persons tabulated, gives the "Population Total" which is shown at the foot of each table.
