ARRANGEMENT OF CENSUS REPORTS, 1936.

The tabulated results of the Census will be issued in twelve parts. Each part will be published from time to time not necessarily in numerical order as the information becomes available.

ISSUED TO DATE :—

- Vol. I.—Sex and geographical distribution of all races of the population (with maps and diagrams).
- II.—Ages of the European, Asiatic and Coloured population (with graphs of age and sex constitution).
- III.—Marital condition. European, Coloured and Asiatic population (with graphs).
- IV.—Languages: Official and home languages spoken. European, Coloured and Asiatic population (with maps and graphs).
- Supplementary to Volume IX (ages and marital condition—Natives).
- X.—Unemployment. European, Coloured and Asiatic population.

TO BE ISSUED :—

- Vcl. V.—Birthplaces, Period of Residence and Nationality. European, Coloured and Asiatic population.
- VI.—Religions. European, Coloured and Asiatic population.
- VII.—Occupations and Industries. European, Coloured and Asiatic population.
- VIII.—Dwellings in Urban Areas.
- IX.—Natives (Bantu) and other non-European Races. Distribution, Ages, etc.
- XI.—South African Life-Table No. 3.
- XII.—Final Report.

INDELING VAN SENSUSVERSLAG, 1936.

Die getabeleerde resultate van die Sensus sal in twaalf dele uitgegee word. Namate die informasie beskikbaar gestel word, sal die dele van tyd tot tyd gepubliseer word, nie noodwendig in numerieke orde nie.

TOT HEDE UITGEGEE :—

- Boek-deel I.—Geslags- en geografiese indeling van alle rasse van die bevolking (met kaarte en diagramme).
- II.—Leeftyte van die Blanke, Kleurling- en Asiatiese bevolking (met grafieke van leeftyds- en geslag-samestelling).
- III.—Huwelikstaat. Blanke, Kleurling- en Asiatiese bevolking (met grafieke).
- IV.—Tale: Offisiële en huistale wat gepraat word. Blanke, Kleurling- en Asiatiese bevolking (met kaarte en grafieke).
- Aanhangsel van boekdeel IX (leeftyte en huwelikstaat—Naturelle).
- X.—Werkloosheid. Blanke, Kleurling- en Asiatiese Bevolking.

IN VOORBEREIDING :—

- Boek-deel V.—Geboorteplekke, Verblyfduur en Nasionaliteit. Blanke, Kleurling- en Asiatiese bevolking.
- VI.—Godsdienste. Blanke, Kleurling- en Asiatiese bevolking.
- VII.—Beroepe en Nywerhede. Blanke, Kleurling- en Asiatiese bevolking.
- VIII.—Huisvesting in Stedelike Gebiede.
- IX.—Naturelle (Bantoes) en ander nie-blanke rasse. Indeling, Leeftyte, ens.
- XI.—Suid-Afrikaanse Lewens-Tabel No. 3.
- XII.—Eindverslag.

PREFACE.

This volume, No. X, which contains statistics not hitherto published in connection with any Census taken in South Africa, has been issued in advance of several other volumes of the Census Report bearing earlier numbers. The reason for this departure is due to the fact that tabulation of unemployment was made from a separate set of machine cards from those containing the personal characteristics of the individual, such as religion, marital condition, etc. Indeed, the results of the enquiry have been dealt with as a separate statistical operation.

A considerable amount of time and labour has been spent in the production of these statistics of unemployment, and it would appear doubtful whether an enquiry of this nature should be included in the main population census questionnaire.

In order to obtain full and accurate replies, the enquiry calls for a more detailed question (with explanations) than can readily be accommodated on the general census form which is applicable to a whole household and which is already rather formidable. Moreover, it has been found that where census forms are overloaded with examples and explanations, the public will not trouble to read them fully.

I am, therefore, of opinion that it would be preferable to use a separate form apart from the general census household form.

E. P. PEARCE,
Acting Director.

February, 1939.

VOORWOORD.

Hierdie boekdeel, No. X, met statistieke wat tot dusver in verband met geen ander Sensus in Suid-Afrika opgeneem, gepubliseer is nie, is voor verskeie ander boekdele van die Sensusverslag met laer verwysingsnommers gepubliseer. Die rede vir hierdie afwyking is te wyte aan die feit dat tabellering van werkloosheid van 'n ander stel masjienkaarte gedoen is as dié met die persoonlike karakteristieke van die individu, soos godsdiens, huwelikstaat, ens. Die resultate van die ondersoek is feitlik as 'n afsonderlike stuk statistiese werk behandel.

'n Aansienlike boel tyd en werk is aan die samestelling van hierdie werkloosheidstatistieke bestee, en dit skyn byna twyfelagtig of 'n ondersoek van hierdie aard in die hoofvraeys ten opsigte van die bevolkingsensus behoort ingesluit te word.

Ten einde volledige en akkurate antwoorde te verkry, eis die ondersoek 'n meer uitvoerige vraag (met verduidelikings) as wat gemaklik ingesluit kan word op die algemene sensusvorm wat op die hele huisgesin betrekking het en wat reeds taamlike lywig is. Boonop is bevind dat waar sensusvorms met voorbeelde en verduidelikings oorlaai is, die publiek nie die moeite doen om dit sorgvuldig te lees nie.

Ek is dus van mening dat dit beter sou wees om 'n afsonderlike vorm heeltemal apart van die algemene sensusvorm vir die huisgesin te gebruik.

E. P. PEARCE,
Waarnemende Direkteur.

Februarie 1939.

REPORT

ON THE

SIXTH CENSUS OF THE POPULATION OF THE UNION OF SOUTH AFRICA, 5th MAY, 1936.

VOLUME X. UNEMPLOYMENT DURING THE PERIOD 1st MAY, 1935, TO 30th APRIL, 1936, OF THE EUROPEAN, COLOURED AND ASIATIC POPULATION.

1. **Questionnaire.**—The question on the census forms from which the tables in this volume were compiled appeared as under:—

F (iii). *Unemployment:* State as correctly as possible number of days lost during the period 1st May, 1935, to 30th April, 1936, through:—

- (a) Sickness, Accident or Injury.
- (b) Scarcity of work.
- (c) Old age.
- (d) Other causes (state).

The question appeared in identical form on the census forms for Europeans, Asiatics and Coloured persons, but not for Natives; and the statistics published in this volume were derived from the replies to the questions.

This is the second time that a question in such a form has appeared on a census form in the Union of South Africa but it is the first occasion on which such particulars have been tabulated. The question was replied to at the Census of 1931, but owing to the financial depression prevailing at the time no tabulation was made.

At the Census of 1921 a question on unemployment appeared in the following form:—

“If a wage or salary earner and out of work for 7 days or more prior to Census, insert the figure 1”

The reply to this question merely gave the number of unemployed at a particular period of time.

The present enquiry gives the economic loss during a period of one year from the chief causes of unemployment.

The numbers of cases dealt with were 101,401 males and 17,538 females making a total of 118,939 persons as under:—

| | |
|----------------------|----------------------------------|
| Europeans..... | 70,320 males and 11,576 females. |
| Coloured persons.... | 24,927 males and 5,665 females. |
| Asiatics..... | 6,154 males and 297 females. |

One person may have been unemployed for more than one period or from more than one cause, but in all the tables the number of cases of unemployment is synonymous with the number of persons unemployed, and the number of days lost is the aggregate from all causes, except where otherwise stated.

In all tables the sexes have been shown separately.

2. **Geographical Distribution.**—The distribution of the unemployed in the principal industrial areas where the different races are employed has been given in the tables as shown hereunder. For example, Asiatics in any numbers are only to be found in Durban and the rest of Natal, therefore, the few unemployed Asiatics in the Cape are given for the whole Province. The same applies to the Coloured persons in the Orange Free State. The numbers of persons of each sex are also given.

EUROPEANS.

| | Males. | Females. |
|--------------------------------|--------|----------|
| Cape Peninsula..... | 7,666 | 1,997 |
| East London..... | 1,232 | 258 |

| Johannesburg..... | 1,180 | 379 |
| Rest of Transvaal..... | 674 | 165 |
| Whole of Orange Free State..... | 403 | 124 |
| TOTAL..... | 24,927 | 5,665 |

ASIATICS.

| | Males. | Females. |
|-----------------------------|--------|----------|
| Whole of Cape Province..... | 271 | 17 |
| Durban..... | 3,007 | 68 |
| Rest of Natal..... | 2,395 | 186 |
| Whole of Transvaal..... | 481 | 26 |
| TOTAL..... | 6,154 | 297 |

3. **Accuracy of Statement.**—The figures are based upon the actual statements made by individuals, but every endeavour has been made to give a true picture by eliminating doubtful and obviously erroneous information.

The tables, with one exception, include all cases of unemployment, from the several causes, at all ages from 15 years upwards. The exception is the table shewing the usual occupations of the persons unemployed. In this table only those persons in the age group from 15 to 64 years have been included, as this constitutes the average working period of life. A large number of returns were received from very aged persons giving the period of unemployment as 365 days. These cases were dealt with on their merits, and the particulars of some of these persons who were far beyond working age were excluded from the returns.

The questions as framed asked the number of days lost from the several causes specified. There appeared to be a doubt in the minds of some individuals as to whether the questions referred to "time" or "money"; that is to say, whether the individual, if entitled to sick leave on full pay, should answer the question or not because he lost no wages or salary. To what extent this interpretation of the question has been taken it is impossible to say.

The intention of the question was to ascertain the economic loss of time, irrespective of whether earnings were lost or not.

4. **Working Days Lost.**—Considering unemployment among persons aged 15 to 64 years only, which may be taken as the normal working period of life, the average period of unemployment was as follows:—

| Race and Sex. | Persons Unemployed. | Total Days Lost. | Average No. of Days Lost per Unemployed Person. |
|--------------------|---------------------|------------------|---|
| <i>Europeans</i> — | | | |
| Males..... | 67,606 | 6,638,020 | 98 |
| Females..... | 11,503 | 990,701 | 86 |
| <i>Coloured</i> — | | | |
| Males..... | 23,682 | 2,745,961 | 116 |
| Females..... | 5,548 | 557,627 | 101 |
| <i>Asiatic</i> — | | | |
| Males..... | 5,952 | 795,734 | 134 |
| Females..... | 294 | 26,051 | 89 |

In considering the average period of unemployment, it must be remembered that the vast majority of persons were fully employed, i.e., they suffered no disability necessitating absence from work during the period under consideration. A better idea of the position will, therefore, be obtained if the average period of unemployment is calculated upon the total gainfully occupied population. The 1936 Census figures for gainfully occupied are not yet available, but at the 1926 Census, 90 per cent. of European males aged 15 to 64 years were gainfully occupied. Applying this percentage to the 1936 figures for males aged 15 to 64 we get the following results:—

| Males. | Estimated Gainfully Occupied Persons, 15-64 Years. | Total Days Lost. | Average No. of Days Lost per Gainfully Occupied Person. |
|---------------|--|------------------|---|
| European..... | 583,650 | 6,638,020 | 11.3 |
| Coloured..... | 188,450 | 2,745,961 | 14.5 |
| Asiatic..... | 58,930 | 795,734 | 13.5 |

By converting the total number of days lost to years, we get the period lost by European males as 18,180 years; by Coloured males as 7,520 years; and Asiatic males as 2,180 years. This means that during the year 1st May, 1935, to 30th April, 1936, there was a total loss of time by European males equivalent to 18,180 persons being unemployed for the whole year. For Coloured males the equivalent unemployment was 7,520 persons for the whole year, and for Asiatic males 2,180 persons for the whole year.

By expressing these figures as percentages of the estimated total gainfully occupied population, an *Unemployment Rate* can be calculated as follows:—

| Males. | Estimated Gainfully Occupied Persons, 15-64 Years. | Equivalent No. of Persons Unemployed for Whole Year. | Unemployment Rate. |
|---------------|--|--|--------------------|
| European..... | 583,650 | 18,180 | 3.1 |
| Coloured..... | 188,450 | 7,520 | 4.0 |
| Asiatic..... | 58,930 | 2,180 | 3.7 |

The above calculation assumes 365 working days in the year. In the absence of any instruction to the contrary, it would appear that the public also assumed this because statements giving 350 days, 365 days, etc., were quite common. Some were even more exact, giving 366 days, the year 1936 being a leap year. It was further noticed that multiples of the 7 day week and the 30 day month were commonly stated in reply to the questions.

5. **Occupations.**—In regard to the occupations given in Tables Nos. 4, 6 and 8, it is well to explain that the practice, by international agreement, is for unemployed persons to be assigned to the last occupation followed where such is known. This accounts for such apparent anomalies as policemen and Public Servants being unemployed owing to scarcity of work.

In regard to Public Servants, there is a large body of clerks who obtain temporary or casual work from time to time in the public services, or who are not qualified for permanent appointments.

In all cases where an occupation could be assigned such has been done in preference to classifying the cases to an indefinite heading.

6. **Conclusion.**—In the absence of figures from any previous enquiry of this nature in the Union of South Africa it is difficult to draw any conclusion. Although the aggregate figure given above of a total of 18,180 years lost by the European male population over a period of twelve months appears startling, when expressed as a proportion of the aggregate period worked by the whole population of working age it is a loss of time of only 3.1 per cent.

E. P. PEARCE,
Acting Director.

POPULATION AND VITAL STATISTICS SECTION,
CENSUS AND STATISTICS OFFICE,
PRETORIA, February, 1939.

VERSLAG

VAN DIE

SESDE SENSUS VAN DIE BEVOLKING VAN DIE UNIE VAN SUID-AFRIKA, 5 MEI 1936.

BOEKDEEL X. WERKLOOSHEID GEDURENDE DIE TYDPERK 1 MEI 1935 TOT 30 APRIL 1936, VAN DIE BLANKE, KLEURLING- EN ASIATIESE BEVOLKING.

1. **Vraelys.**—Die vraag op die sensusvorms waaruit die tabelle in hierdie deel opgestel is, was as volg:—

F. (iii) *Werkloosheid:* Vermeld so presies moontlik die getal werkdae verloor tussen 1 Mei 1935 en 30 April 1936, deur:—

- (a) Siekte, ongeluk of kwetsuur,
- (b) Gebrek aan werk,
- (c) Hoë ouderdom,
- (d) Ander oorsaak (noem op).

Die vraag het in presies dieselfde vorm verskyn op die sensusvorms vir blankes, Asiatic en kleurlinge, dog nie vir natuurlike nie; en die statistieke in hierdie boekdeel gepubliseer, is uit antwoorde op die vroeë verkry.

Dis is die tweede keer dat 'n vraag in hierdie vorm op die sensusvorm in die Unie van Suid-Afrika verskyn het, dog dit is die eerste keer dat sodanige besonderhede getabelleer is. Die vraag is wel by die Sensus van 1931 beantwoord, dog weens die toenmalige finansiële depressie het geen tabellering plaasgevind nie.

Tydens die Sensus van 1921 het 'n vraag omtrent werkloosheid in die volgende vorm verskyn:—

„Indien 'n loontrekker maar sonder werk vir 7 dae of langer voor die Sensus, vul in die Syfer 1”.

Die antwoord op hierdie vraag het eenvoudig die getal werkloses op 'n besondere tydstop aangegee.

Die teenwoordige ondersoek gee die ekonomiese verlies gedurende 'n tydperk van een jaar weens die vernaamste oorsake van werkloosheid.

Die getal behandelde gevalle was 101,401 manspersone en 17,538 vrouspersone, wat 'n totaal van 118,939 persone uitmaak, as volg:—

- Blankes.... 70,320 manspersone en 11,576 vrouspersone.
- Kleurlinge. 24,927 manspersone en 5,665 vrouspersone.
- Asiatic.... 6,154 manspersone en 297 vrouspersone.

Dieselfde persoon kan vir meer as een tydperk en weens meer as een oorsaak werkloos gewees het, dog in al die tabelle het die getal gevalle van werkloosheid dieselfde betekenis as die getal werklose persone, en die getal dae verlore is die totaal weens alle oorsake, tensy anders vermeld.

In alle tabelle is die geslagte afsonderlik gegee.

2. **Geografiese Indeling.**—Die indeling van die werkloos in die vernaamste industriële gebiede waar die verskillende rasse in diens is, is in die tabelle gegee soos hieronder uiteengesit. Byvoorbeeld, Asiatic in groot getalle word slegs in Durban en die res van Natal aangetref, derhalwe word die paar werklose Asiatic in die Kaap-provinsie vir die hele Provinsie aangegee. Dieselfde geld ook vir die kleurlinge in die Oranje-Vrystaat. Die getal persone van elke geslag word ook opgegee.

Table 5 (continued) showing detailed data for various districts and categories. The table is highly repetitive and contains many columns of data, including district names, age groups, and marital status. The text is faint and difficult to read in detail, but the structure follows the same general format as the summary tables on the left page.

UNEMPLOYMENT (COLOURED).
