# Vote **TO LEAVE** the European Union

Britain has a unique and colourful culture, which has developed over the centuries to produce a mix that is ideally suited to our people, our islands and our lands.

Britain has some of the greatest cities on Earth. London, Edinburgh and Cardiff are ancient cities boasting prosperity, arts, and sports together with thriving and bustling centres.

Britain has the most magnificent landscapes in the world. Be it a lush English meadow beside a medieval church, a mountain overlooking a Highland glen or a windswept moor, Britain's landscapes define our nation.

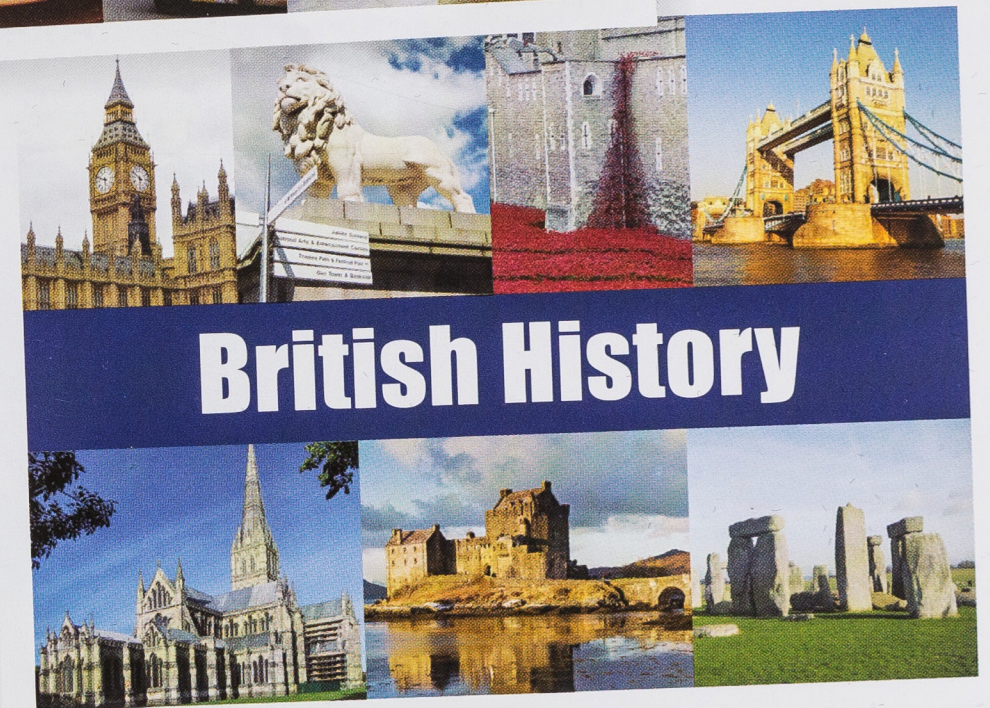

## British Culture

British culture is the most distinctive in the world. Our warm beer, roast dinners and fish'n'chips keep us fed so that we can enjoy the arts that we have created.

British history is all pervading. Stonehenge and medieval cathedrals speak of antiquity, while our parliaments demonstrate our democratic heritage and the great castles remind us of our unconquered military heritage.
