Conservatives for Britain

Campaigning for fundamental change
in Britain's EU relationship

About our campaign:

- Conservatives for Britain is proud to support the Vote Leave campaign. We believe that a 'leave' vote is the best way to forge a new relationship between Britain and the EU based on free trade and friendly co-operation, rather than political union
- We are supported by over 100 Conservative MPs, a significant number of both MEPs and Peers, and thousands of Party councillors, activists and members
- We are committed to ensuring that the EU referendum campaign is conducted in an informed and mutually-respectful manner within the Party, allowing our Party to come together and win again in 2020

Six Cabinet Ministers announced their support for the Vote Leave campaign on 20 February, following the conclusion of the Prime Minister's EU renegotiation. Boris Johnson later joined them.

How you can help Vote Leave

Conservatives for Britain was set up in June 2015 to underscore the Prime Minister's renegotiation. However, as we predicted last year, the EU has let us down and the only way to deliver fundamental change in Britain's EU relationship is to Vote Leave.

If you would like to join the growing number of Conservatives campaigning to leave the EU, you can help Vote Leave in the following ways:

1. Sign up at voteleavetakecontrol.org/conservatives to let Vote Leave know how you can help in your area – and encourage your friends and family to do the same
2. Support the campaign at www.facebook.com/voteleave and on Twitter too: **@Vote_Leave**
3. Make a donation at voteleavetakecontrol.org/donate – there is no limit on the amount of money the EU can spend during the referendum, so every pound will help to close the gap
4. If you would like a **Conservative representative of Vote Leave to come and speak to your Association**, whether at your AGM or on another occasion, please email: michael.dowsett@voteleave.uk
5. If you would like to order some **leaflets** or a **street stall pack**, please contact nick.varley@voteleave.uk

More and more Conservative MPs are backing Vote Leave's campaign to take back control from the EU

What senior Conservatives say about our EU relationship

"There is only one way to get the change we need, and that is to vote to go."

Boris Johnson, Mayor of London
February 2016

"The EU is an institution rooted in the past and is proving incapable of reforming to meet the big technological, demographic and economic challenges of our time."

Michael Gove, Secretary of State for Justice
February 2016

"I believe we can only safeguard Britain's future by once again becoming a genuinely sovereign country, with British laws being made in the British Parliament."

Priti Patel, Employment Minister
February 2016

"If we leave the EU and negotiate a free trade deal ... we would have a more amicable and realistic relationship where we focus on the economy rather than building political union."

Lord Lawson, former Chancellor of the Exchequer
October 2015

"The biggest threat to security is to continue on a path that we are in the EU at the moment."

Penny Mordaunt MP, Armed Forces Minister,
March 2016

Conservatives for Britain's Parliamentary supporters have been working to help secure a fair referendum and build a mainstream, credible 'leave' campaign. Our key achievements to date include:

Helping to deliver a fair referendum, by:

- Successfully re-introducing purdah rules into the EU Referendum Act for the final 28 days of the campaign, making sure that Government resources cannot be deployed to the benefit of either side
- Working to change the referendum question, so that both the 'remain' and 'leave' options are on the ballot paper
- Keeping the Conservative Party neutral, meaning that Party resources cannot be deployed on behalf of either side
- Helping to persuade the Prime Minister to wisely suspend collective responsibility once the deal was known. Consequently, members of the Government are now free to campaign in accordance with their views

Working to ensure that a credible 'leave' campaign is established

- We are supporting Vote Leave in campaigning for a 'leave' vote in the EU referendum on 23 June
