Haringey Liberal Democrat Councillors

## On HARINGEY in the EU

## Haringey Liberal Democrats Why we're IN

### Security

The EU is an incredibly important pillar of our security and the greatest peacetime experience the world has known. We are better off together than alone. Voluntarily leaving this family of nations would put our national security at risk.  
*Derin Adebisi  
from Crouch End*

### Family

*Alice Bridges-Westcott  
from Muswell Hill*  
I spent my teenage years living in Cyprus, which very much accepted my British nationality. If anything, I'm more liberal for having lived there. My parents still live over there, there's no guarantee that if we come out I won't have to buy a visa each time I want to see them.

### Environment

I want us to stay in the EU because we need a cross-border effort to tackle climate change and we are best equipped to do so as signed up, active members of the European Union.  
*Joshua Dixon from Tottenham*

### Money

Whenever Brexit seems to be gaining, the value of the pound plummets. It means inflation and higher interest rates, higher government debt, and higher mortgages.

*David Schmitz  
from Harringay*

### Opportunity

There are three main reasons why I want to remain:

- The EU makes war in Europe less likely.
- The EU gives my children more opportunities to work and compete in more countries which is key to their future in the global village.
- Britain is no longer an imperial power and her ability to trade and compete outside the EU is unsure and unproven.

*Katherine Reece  
from Highgate*

### Safety

I'm IN because I do not want our country to look backwards while the rest of the world develops and puts in place safety nets for future generations.

*Julia Ogiehor  
from Fortis Green*

### Leadership

I'm IN because I believe the kind of caring, confident and ambitious Britain we all want to live in ought to lead the European Union through the challenges of the 21st Century, and not abandon its friends and neighbours when they need us most.

*Guy Russo  
from Enfield*

### Equality

The EU has made great strides in fighting for LGBTI rights across Europe; from equalising the age of consent, stopping the British military from discrimination on grounds of sexual identity and to protecting LGBTI people from discrimination.

*Nick da Costa  
from Alexandra*
