Dear Mr Ellis Wells,

Thank you very much indeed for your kind letter of congratulation. I cannot tell you how much it means to me that other people should care about the distinction and the opportunity for service which have been conferred on me. It makes it all so much more worth while.

Yours with renewed thanks,

A. Inaudi Royden

P.S. I could not help chuckling when I found that part of my attire as a Doctor of Divinity of Glasgow University was a John Knox cap! With this on my head I ascended the pulpit of the Cathedral!
