Dear Miss Newsome & Miss Reeves,

Here are the Eunice Murray cuttings -
much as I received them but a little
improved for dating - A great many
are interesting - a certain number have
no present value. To be of use in a
library or Record Room they need mounting
& pasting - I have a number of empty
stationery sample books in which this could
be done - if any member will face the
task they can have them.

I would like to have a selection of
them for a while this autumn when Miss
Newsome has finished with them. I could make
this at Minerva club & return them there -
if this pleases Miss McLellan & Miss Murray.
To save transporting them to & fro.

There are markedly odd gaps in the record
- the work in East Fife, Edinburgh & Glasgow in 1906
- is I suppose W.S.P.U. - but was done mainly by
W.F.L. persons. Also the By-Elections in Aberdeen &
Anderston (Glasgow) in 1907 - & later years the

I understood that these cuttings were gone through in Glasgow - & found to be mainly duplicates of matter already deposited in the Records at Glasgow Green

rousing to action of the Scottish Municipalities who passed resolutions & sent-down deputations to the Government.

Also the W.F.L ran year by year a mass propapanda campaign in the Clyde watering places - ask Anna Munro about that -

The Scottish papers accepted - & asked for suffragette articles from us. I supplied at least a score - & we addressed all the Sc. University students

We had a beautiful shop in the best street - in Glasgow & contacted thousands there. A Scottish W.F.L contingent - was notable in the great trek to London in 1909 or 10

Are none of the official office papers available for the crucial period of the split. E.H.M had a full record available before she left - most valuable.

Sincerely
I.B.G.
