Thanks a great deal
for sight of the enclosed.

Tell your mother it's
not only her little grand-
daughter talks about
her to herself, other people
do too.

I like to think what
a lovely time you
will have in Florence.

I wonder which you will
like best that or Rome!

"I want to write & tell
you about a girl whom
I want to set up as
a first class dressmaker
in London, & I want
your help. But I'll

want till you
get back.

Yours always
Mr. Schreiner

Hotel du Parc.
Menton.

It's better being here than
the other place because
I don't waste so much
time looking about.

Perhaps you'll go & get
this letter at that dear
beautiful post office that
I dream & love to.
