My dear Welford

I thank you
for the cash received
£100. & for the enclosed
receipt.

If the money is safely
invested at 5% it is
better to use that at
less interest first, I
think however that
considering the state of

Business affairs we shall
want all the peace.
Don't you think some
money must be obtained
for them & where do
you think from? Tell
me whether is it likely
that Brown will be
arrested for debt if
he returns home
I have been much
grieved since I heard
he was on the Island

hiding from his creditors
I was in hopes when I
sent that note to my
brother (wh^o you saw)
that he perhaps might
have given £50. also.
I feel perplexed & sh^d
like to hear from you.
It is true illness has
brought B. to this condi-
tion, but he is now
near 80 I suppose &
cannot work, & I feel
for my sister, of the

lect of the Jesuits. I see
not much opinion they
are not like of brother
Fishes, 'they were
nothing.

Address Stratton Lodge
please & I shall be
very glad if of opinion
I do not see that we
can let them starve
or next to it. Both had
been seen clear helped
up of all hand
Dear Mr. Peckes
