11 8 JUNE 1925 OLD PALACE,
CANTERBURY.

AL/1654

Dear Madam.

The proposal that legislation should be introduced for the admission to the House of Lords of Ladies who hold peerages in their own right seemed to the Archbishop of Canterbury altogether different from the assertion of the principles that he.

OLD PALACE
CANTERBURY.

Parliamentary suffrage
should be exercised by
women & that women
should be eligible for
seats in the House of
Commons when popularly
elected.

The Government is at
this moment considering
plans for changing the

Constitution of the House
of Lords & the moment
seemed to his Grace an
unappropiate one for
legislation on the very
small question what should
in the meantime be the
position of peeresses in
their own right.

Yours faithfully
M. G. Haigh
