Dear Miss Stacey, I am not  
allowed out and though I have  
been staying at my father's I  
really don't feel I could get to  
the office.  
I send the paragraphs in case  
they are of any use at the  
Press Committee. The Bystander  
was to have a rather spiteful  
one. Miss Walster said otherwise  
they would not put it in.  
A paragraph should go as  
soon as possible to the Daily  
Mirror & ~~to~~ <sup>to</sup> next weeks

In regard to S. B. S. I  
wrote last night & asked  
him to telephone to me at  
the office as I hoped to be  
here. I have tried to telephone  
to him this morning, but  
could not get on to him.

Write Mr. O. S. Strankey & thank  
him (Please thank her for  
her kind letter & for your guess)

Write the day I can do and  
make to talk to him, and  
ask if he has considered the  
matter any further & if there  
is any likelihood. & if we

could put any sort of announce-  
ment in our press paragraphs  
If I only had a telephone!

I am deeply disappointed at  
not being at the Executive  
I am always out of it when  
anything interesting politically  
is going on & only have  
boring trivialities to do

I am against supporting  
Lansbury even though he  
is so good a friend. I am  
probably wrong but it is  
my opinion that he is  
entirely a W.S.P. candi-  
date & we cannot endorse  
his policy. If he gov.

do put up an article. Suff  
candidate it might be different  
but at present it looks as  
though our policy were keeping  
them quiet. I hope the  
N. C. will write an explanatory  
letter to Mr. Lansbury &  
publish it. These are  
my humble opinions

I have again a slight  
temperature very slight but  
I am quite shaky. I am  
up & have been out to  
Mr. Meinertzhagen to try  
and telephone both to you  
& to J. B. S. without success  
Both lines engaged.
