I think I hope you we shall
want to keep Mr. Ke as long
as we stay here. I am so
glad for an better. It is
disgraceful that they sh
simply give all an extension
of the lat mouse. I suppose
they do not like to be arrested.
I have written to advise he
to write to a Mr. Cecil. but
I don't suppose he will
do any thing.

Could you not learn of
Camp Sat. or Sunday

morning in time to visit
will in the afternoon. & the
if there is nothing particular
to do for us come on here for
a few days.

Why I advise you to say
nothing definite to the
guardians is that I think
we ought to put out the
exact law on the subject.
Mr. Azores Purdie Craven
House Kingsway is my
cousin. Why not consult Mr.
Sherris as good as any
lawyer.

Best to Grace for the present
till we can put out the
law and talk it over.
Hence I shall always
lean a few days - say a
week - without answering
them letters.
We are jolly here.

Yours affly
P. H. J.

Children send love.

I expect you will only
be allowed to see till a
Sunday -
