Dear Miss Strachey, I forward
you a letter from Mr. Forbes-
Robertson. You see how anxious
he is to work. He has already
got me 7 good names for my
list. If you have time for
one of your meetings, do advertise
it well, as it was a full
meeting at Queens Hall on
Monday.

I have just returned from
Buckley w. Watford. They
are most anxious to start a

society here, and a Mrs Campbell
and a Mrs Robinson will write to
you. I have advised them to
have a drawing room meeting
to form a committee. It is
unworked ground here to S.P.U.
refused to undertake it. Let us
annex it. There is a large
population in Watford especially
of factory hands (women).

Yours in haste
