Dear Madam,

In reply to your letter of the 21st I am instructed by the Executive Committee of the International Woman-Suffrage Alliance to inform you of the following resolution which was proposed by Miss Ashton:

"This Committee gratefully accepts the offer from the London Society to organize the Albert Hall Meeting and is willing that the announcements should state: "Organized by the London Society" but owing to the money for the Conference having been guaranteed they find it necessary to retain control over the financial expenditure and receipts."

This resolution was seconded by Mrs Bradley-Reid and carried.

Yours faithfully,

Shelley Gulick.

Miss Strachey.
