No. 57

My dear Pappa

Le grand news

has arrived. S.F. is to go

in one and I am to be ready

to start somewhere about

the end of this month. Ma

Cookshutt and I have

seized the opportunity of the

Office being shut for a few

days to come here (v. top.)

I felt that I must go
over this end of the bridge
before leaving. We have
been today to see the
Buddhist temple at Bodhi
Gya about 6 miles out.
V. good. We took photos
which will be sent on
if any use. We also
inspected the Phulga
bridge of the S.B. Ry
and gave it on the
whole rather good marks.

As you might guess it
is after dinner the Civil
surgeon having kindly asked
us to eat the same with
him - He has lent me
this pen ink paper & 1st stamp
which is so nice of him as
ever.

We go back to Dehri
tomorrow this letter is
somewhat nebulous so

Good night

Yr loving
Ralph
