Dearest Children & Daddy

I am glad you are getting on so nicely. I am feeling stronger today - and shall soon be well again. I shall hope the House of Providence will help to turn out the steam roller. What the women did well today, so dear at the Pavilion.

Hope Dad had a good night under the stars! I am so grateful to everybody for working so hard for me. Give my love to dear Martin and tell him that I am keeping that nice piece of cocoanut until I can't say No any longer - and I know that when it is once gone I can't eat it again! Goodbye my three dears.

Yours lovingly  
Mother
