Dear Edith,

I am under the impression that in  
her first letter to me Mrs Moss  
(Lady Margaret Somerville <sup>Windsor</sup>)  
named the Delinquent Lady; in  
my 2<sup>nd</sup> letter she names the  
Habitation which she directs. The  
name of the Habitation will be  
certainly sure for your purpose.  
The Secretary would know who  
is the principal person in charge

of it but when I get more information

I will look for Mr. Mass's first letter

It was at my request for more definite

information that Mr. Mass wrote

me 2<sup>nd</sup> letter which I forwarded

to you.

Ever very affectionately

M. J. Stewart
