Dear Miss Strachey, —

I enclose the list of your publications  
and have marked those we want.

We also want 6d worth of those  
leaflets by Mrs. Fawcett when she  
spoke before the Prime Minister, —  
they don't seem to be included in  
this list.

I enclose a postal order, 2<sup>d</sup> extra  
for stamps. I hope that will be right.  
The society here is flourishing. We  
are getting into communication with

Gintas and Osefnd, (quite un-  
officially as yet, of course) and  
we hope to accomplish great things.

Yours sincerely

Karin Costelloe (husband)
