Dear Miss Whitehead,

I am desired by my Committee to apply to the National Union for the sum of £250, for the East St. Pancras election expenses, being half of Miss Dodge's contribution to the election funds. My Committee are happy to feel that as Miss Dodge's generous gift was sent in response to an appeal from themselves and was originally destined for East St. Pancras campaign, they have been successful in carrying out their desire to meet the expenses of Mr. Jacobs's candidature without diminishing the election funds of the National Union.

I am,

Yours sincerely,

P. S.
