Dear my Wand.

Thank you very much for writing. I do feel very much
for your dis appointment & vexation not only over the sudden
suspension of your work; but over the manner in which it was
done. The L of N is again, rather in deep waters, in consequence
of the definite repudiation of it by the S A as stated in the
Ambassador's speech — in all respects so gratifying. I
believe still however that your economic causes America is
bound to come in and the rest of the world will have to find
a way in which she can come in & get "Save her face".
With best regards from your M. E. Fawcett
