My dear Annie

Very many thanks for letting me see the enclosed, and for the extract copied from Mr. Crookfield's letter about my great nephew. It interests us very much, as he is the son of a very favourite niece of mine.

I return this interesting letter of dear

Galie's for fear it might get lost  
among my innumerable papers before  
thy coming. What an experience it  
is for her! I feel sure, though it seems  
wasted time, it will be full of many  
valuable lessons.

Lovingly thy  
Sister Hannah —
