Dear Mrs Roberts

How nice to hear from you
again. I am afraid though
that I know no one in Manchester
except W. Harold Aubson the
Editor of The Commonwealth
who lives at Rushblue. I
expect you know him too. If
you do not send me a card &
I will write to him. I can't think
of any people better than you two
for that job! I do so hope we
shall meet again soon before
our Conference in Sept. Yes if
you really think on further reflection
that I can be of use in the Chair
I will take it & help all I can. I
do feel more & more strongly about
it & I earnestly wish some one would

present-herself to one of the Bishops
I am quite in favour of churchmen
as well as women but not of it
being open to outsiders.

Give my kindest regards to
Mr Roberts. I feel I belong to
the Church Socialist League
though I have never reached
the point of writing formally
to enrol myself. Thank him
for all the trouble he took!
With kindest regards

Yours v. sincerely

Jane Walker
