Dear Mrs. Carewish-Bentrick,

Thanks you very much  
indeed for the leaflet. I did  
not know you were amongst  
the Prophets! Your forecast  
is exactly what I fear, too.  
Howl wish we were having  
a good strong clear lead  
now for woman suffrage

instead of the amiable  
ostrich policy of most of our  
leaders!

I wonder if you will be  
at the Debate. Now the  
time draws near to it I  
begin to wonder how Lever  
came to let myself in for

it - or rather get let in.  
However 'a stoot haint to  
a stey brae' - it will be  
a stey brae as I am to  
have no indication of  
the ground my opponent  
is covering until just  
before.

Again many thanks for  
the immensely clever leaflet  
I do wish arrangements  
could be made for its  
distribution at the end of  
the debate.

Yours very faithfully  
Helena Norman

P.S. Do you see the Nation - are  
you taking any interest in the question  
of the Habeas Corpus Act?
