My Dear Pippen,

I was very sorry Lillie came yesterday but I  
returned home rather late in the afternoon but I had  
a visit from Ray, and mother's maids, came a letter from Miss  
Elizabeth Sturge revealing some new complications & delays in  
settling the actual distribution of her Gamble bequest. I should  
like you to see it if you have time to look in. Is it?

like L Russell - you should - in desirability - of forwarding the  
new rule of both George L-Roy. <sup>I feel the point I think it will still remain</sup> On your own consequence <sup>was</sup>

his recent legislative. <sup>Even</sup> Gander was in distinction: & as  
such an execution of his will w<sup>h</sup> have bestowed a good

slice of his legacy <sup>to</sup> T.C.D. his university. but they

cannot be because ~~of the record~~ by Law Ireland & no longer a

part of his <sup>united</sup> Kingdom: "The best and flower of vice & men  
Gung off & a day." This is Scottish-Scott

Ever your affectionately M. G. Fewell
