

My very dear Friends

Lawrence

I have been  
 so provokedly inter-  
 rupted by a succession  
 of visitors that they  
 have not left me time  
 to write three lines, and  
 the pen is well not well  
 I thank God I can come  
 to go on pretty well,  
 far better than I ever  
 had reason to expect: when  
 I say I thank God I do  
 not forget the instrument  
 and this means he was

pleased to make use  
of, for my restoration.  
With my affectionate love  
to both believe me  
ever and ever most truly  
and gratefully yours

My very dear Friends

I have been so provokingly interrupted by a succession of visitors that they have not left me time to write three lines, and the Carrier will not wait.

I thank God I continue to go pretty well. far better than I ~~xxxx~~ ever had reason to expect: when I say I thank God I do not forget the instrument and the means he was pleased to make use of for my restoration.

With my affectionate love to both believe me ever and ever most truly and gratefully yours
