How delightful by Mrs. Pippa. Of course you shall have it if you'll let me come at times as a p.g. you know me in that capacity. I think tho' perhaps it'll be better if I run it & you p.g. but we can settle all that later. I shall want to be there with Pamela 5th to 8th or 5th to 6th. — But it is delightful just merely because it's you but because it's a real kindness to me. I'll come on Wed. eving I hope — that is if you'll let me. He refused me invitation as the strength of it or I think you'll have to. if not to dinner to afterwards.
