Dear Philippa.

I have just had your telegram 5:30^{pm} and have replied
L- it that I am planning to be here till next Monday week May 13th

This is a very isolated little spot - 10 miles from Salisbury so it is not
easy, especially now to get backwards & forwards. I hope there is

no serious crisis. I was L Ray this morning. It was a great
relief to know that she was safely back

Ever yours affectionately
