Friend
I have
been
very
pleased
to
hear
of
you
and
to
hear
of
your
return
to
the
land
of
the
living
I
am
glad
to
hear
of
it
and
I
am
glad
to
hear
of
your
return
to
the
land
of
the
living

and
delighted
to
hear
of
it
and
I
am
glad
to
hear
of
your
return
to
the
land
of
the
living
I
am
glad
to
hear
of
it
and
I
am
glad
to
hear
of
your
return
to
the
land
of
the
living

I feel I must write and
tell you how pleased I was last night
to hear you are on our ^{again} committee
I arrived Mr. Matthews whispered that
you were to be proposed. I was delighted
and I am sure everyone voted for you
I have been talking to a lot of our
members lately, and everyone wished
you back in the society again. I think
it was just a paltry excuse of a
few who seem afraid to tell the truth
and say they are not in sympathy with
the movement, but just give a paltry excuse
the real suggestion is you are the
backbone of the whole thing, and it
was dead without you, only for you
and Mr. Hooper, we should never have
had a society here, and now I feel
sure you are back with us again
we shall get stronger and work
harder. I know I shall feel more
interest in it all, as without you it
was just dead, like all non-vital
societies. I asked everyone to vote for you

and delighted
 to have been
 in, as he will
 be another
 spark toward
 reviving it
 was quite
 better than
 is another
 meeting
 for the 2nd
 I hope to
 see you
 there I
 will be glad
 to see you
 your respects
 Marie Curie

I have been
 thinking of
 the
 feeling
 very much
 but have
 very happy
