Dear Mr. Shachey

It was such a comfort to feel that the Pwotat Ladies had adopted you also & they said how nice you were. I said "all Shachey's are nice & always Shought !!!"

We have got so back the with the whole of our strength for they really are "up again" a tough job. W.O. dead again then & me & any one who is honest & strong. If there is the whole plot is as we have always suspected & exposed. Lady D. in command

A.G. likes these pearls & good
 dinners, the S. of S. toddled
 round A.G.'s finger & also a
 little son about the C. of W.
 Committee report. (The
 Y.M.C.A. census touch was
 heavenly. I do pray I get
 a copy) All combining to go
 dead against a sound scheme
 because they none of them
 see further than their noses.
 Oh! dear how stupid some
 people are.

Now I think it would be
 right to interest outside
 influential ~~some~~ in the
 right direction. The pivotal

ladies must be saved from the
 resignation comp.

I am a little afraid that the
 D. of N.S. may be a bit weak
 He has rather a fatherly Sec.
 & those things do weigh.

So we want outside
 influence = public opinion
 supporting. Bring any
 pressure to bear yet as
 quietly & most unobtrusively
 The pivotal ladies being
 official can only act officially
 by being semi official &
 also in a difficult position
 as I must remain V.A.D.

prestige. (By the way I hear
 that the W.O. has said that
 whatever it has it will have
 nothing on V.A.D. lines!!!) *hug*

pigs. I'm going to calculate
what we have saved the
2 years !!!

Can't you get the Brighton lady
& others to move quietly
but unerringly in the right
direction. I shoud get
Conan Doyle warned on the
health danger for it affects
the position considerably
& women doctors & all
who have any weight at all.

Pushing & supporting the
General Principles I warn
the W.O. quietly that women
won't stand our unsafe
scheme. That this is our
affair & we mean to have
power to bring our own
sex through safely. I trust
the prudent ladies in Clapham
& they are out for high sp &
not for themselves.
Tell them that spilling is quite good. R.F.
considering!
