Dear Miss Strachey,

Can you send me another
copy of the "London" report?

M^{rs}. Lambert — at whose
house we had a very successful
evening Suffrage meeting last summer —
writes to me to say that she
is willing to help with music
if it would ever be useful.

She has a good voice and
is well trained and knows

1930

musical people, and is very genial

and friendly.

It occurs to me

— as she is ^{sure} likely to give us good

music, — that you might care to

enlist her for the reception in Jan.

We ought to keep our hold

on her.

If you think anything

of it, will you let me write to

her?

Yours sincerely

W. Sturtevant
