AL/410

My dear Miss Strachey,

I must write a few lines to say how beautifully you and all the procession committee managed ^{very things} and how much indebted we feel to you and also the staff in the office for their hard work and the splendid self-sacrifices you have all shown. I do hope you are not all feeling utterly worn out. I was quite shocked to hear how late you had been working night after night.

I believe there never has been such a

beautiful procession, nor one so well organised. The police were splendid too.

I think we ought to send them a vote of thanks Miss Sturtin, Miss Palliser, Lady Steel, Miss Main & other colleagues are in the house. They are joint in saying how beautifully every thing was done yesterday.

Yours sincerely M. G. Fawcett

I hope you will not mind - I will send you a copy of the paper after Tuesday & get a receipt with the police money Monday
