Mr Fins Pam. Bownchalker Selisbury

My Dear Mr A. Cruisers,

What do you think of my order
enclosed with The Times. If you approve
please pass it. I have not signed
President of the N.U.W.S.S. in purpose.

With regard to that letter to Mr

A quite which Mr Rackham suggested
at our last conv^{ee} that I should send

to him in my own, I have not
done this, as the moment seemed
to me inopportune for this or any other
similar letter. The necessary pre-occupation
brought about by the recent cabinet
crisis would prevent Mr. Agulha from
giving attention to our affairs, but I hope
perhaps to get a new letter drafted

which I shall bring with me L^{to} over

next ^{el} can -

Now that there is a

~~coalition~~ coalition Government there is

practically no chance of a new franchise

being introduced so that this part of

my letter might be abandoned altogether

& attention concentrated on the parallel

with the Overseas Dominions,

Yours very sincerely —

W. G. Sawerth
