Powell (Miss Rosanna)

Dear Madam

It was a great dis-
appointment to me that
I was unable to come to
the "At Home" on the 3rd as
I should have liked to pay
my subscription there and
also to have obtained some
information as to the recent
doings of the Central
Society.

Having been away
for some time I am

rather out of touch with
all that has been done of
late & had quite a shock
at receiving papers minus
Miss Sterling's & Miss Pallas's
names. They have not
I hope been worked to
death with all the recent
hard work. Knowing
how faithfully they had
plodded through so many
drear, disheartening years
I was hoping that a bright
& more interesting time
was in store for them
& trust that they have

not altogether resigned,
I should be very grate-
ful for any information
you can kindly give me
& have much pleasure in
enclosing my subscription
Yours truly
Frances Powell

Miss Philippa Stacey.
