Dear Miss Corben,

Very many thanks for sending me the notices of the service in the 6<sup>th</sup>. I

should like very much to attend; but cannot be quite sure of doing so. I and two other delegates from the N.W.S.S. are leaving early the next evening to go to Paris

to attend a conference of Women's Suffragists of allied countries & U.S.A. for the purpose of urging the enfranchisement of women on the Congress of the Powers.

Sometimes just before a journey we have a crowd of things to be which (in this case) may prevent my attendance at the service, but I will come if I can and I am very grateful for your courtesy in reserving a place

I was telling Miss Emily Davies about the service a short

I am afraid the hour is too late for her.

Yours sincerely

M. S. Fawcett & Emily Davies
