Dear Mr. Hirschiff

It was a most
unmitigated pleasure
seeing you again yesterday.
I only wish it could have
been for longer - seeing you
for so short a ^{while} ~~and~~ ~~me~~ whetted
my appetite! I wish we
went more. It was a
simply ^{charming} delightful fatherly
gentle the old suffrage
spirit - Mr. Hirschiff
was splendid - we do
owe him so much - but
is one of those pleasant
debts that is a delight
but a burden to be
reminded of!

By the way I had to give you
kind remembrances (4 votes)

from Mrs Hunter call
of Belgrade - whom I met
last Sunday.

after all I'm so sorry
I shan't be able to
come & see you off to-
morrow - I had every
intention of doing so.

but much to my sorrow
I fear home affairs will
prevent.

It has been a real
joy seeing you ^{both} - I am
so glad you returned
even for this little while
& I do hope you will soon
return for longer.

Best wishes from all
my family, & love from

myself. Yours ever
