Dear Miss Phillips,

I am desired by the Executive Committee of the London Society to draw the attention of the Executive Committee of the National Union to the absence, in the special election literature issued by the National Union, of any leaflet specially addressed to Conservative electors. They would suggest the reprinting in election leaflet form of selections from the National Union's two-penny pamphlet Opinions of Conservative Leaders, to form the complement to the election leaflets "Liberal Cabinet Ministers" and "Labour Leaders."

My Committee desire me further to request the permission of the National Union to publish a slightly different edition of the National Union's leaflet 'Leading Facts of the Women's Suffrage Movement', as while much valuing the leaflet as a whole, they are not completely in agreement with some portions of it.

Yours truly,

P. S.
