A friend of mine (Miss Galpin
1 Palace Houses. Kensington Gardens

S. —) who is a keen
Suffragette is so very anxious
to hear you on Friday

at the Persimone Edwards settle-
ment, that having failed

to get a ticket she writes
to me to know if I would
possibly use any influence

to get her one - I hate

troubling you, but if such a thing were possible ~~might you~~ would you spare her a ticket if you have an extra one - she would send the money if your Secretary would commu-
-nicate with her.

I think she might be useful to the cause, both by money as she is a rich woman - probably by working -

I can't ask my cousin Mr. Humphrey said for a ticket!

for Miss Galpin - My boy wanted so much to see you; & had planned long ago to come - but he is in the north painting portraits and so will miss the
Chance. - My boys are very

keen - Chris my midshipman son started a debate in his navy debating society & carried the motion for D. Suffrage - against the heated

Opposition! Affectionately yours

May Anne Forster
