Dearest - My

How very sweet & generous of you to wish to

give me Stead's life with those beautiful bits about Edmund.

But I feel that it is too expensive a present &

I hope you will hold your hand & let actual ordering

is not already done. It is certainly very lovely for

us all to feel how Edmund's personality is still

a powerful good. That article in our Cape Times about
him showed that too. They were wondering so very lovely
about ~~the~~ him in his purity & strength. I feel
I ought to be giving his book to you — not you to me

My best love to Elsie. We shall look forward to seeing
her when she goes through to Coventry
With much love from all here
Ever yours very affectionately,
M. G. Dewar
