Dear Mrs Catford,

My stay under

your happy roof has done me so
much good; thank you very
much indeed for your kind
hospitality. I always value
hospitality so much more
from busy people because
I know how devastating a
winter can be under those
circumstances. It was very good

if you not to make me feel in the
least that I was devastating!

I only wish I had made a
better speech in return for it all,

I was delighted with

your schools. Mr Hughes was
very kind and took me
over the nursery school
too: it rejoices me to see
such a lot being done for
children on the right lines,
and I would like all my
London children to have the
same chances!

Please remember me very

cordially to Mr Catford & your daughter & a year
thanking you for your kindness, yours sincerely
Evelyn Sharp
