Dear Miss Alfrison,

It is a sincere grief to me that
we feel you cannot do yourself or
reclaim L-tu Han - See - Ship of
the N.A. I did hope very much
that we might have gone on without
any changes in the personnel of the
officers. I recognize your great
difficulties owing to the bad train service
and that additional wear & tear
& fatigue thus causes. I would like
to thank you over & over again for

London W.1

The very great help & support you have
 been to me now for nearly two years.
 It is some consolation that you will
 still be a good deal in the office & will
 take charge of the Literature depart-
 ment. This will be increasingly
 important as W.S. comes more to the
 front.

You will be interested to
 see the enclosed. Please let me have
 them back as soon as you can.

Yours very sincerely
