SHAPWICK,

SOMERSET.

Dear Madam.

I am in receipt of
your letter forwarded to me
from London - the women in
the church & a society
being formed for promoting
the airing of that subject.
I am most decidedly in
favour of your object, but

I personally feel that
it would be wiser to wait
a little while longer say
a year, possibly only 6 months
it depends upon current
events - before forming
any society. The Wiccanal Congress
is coming along, I think they should be settled first.
You ask for my opinion, so

I write it -

Yours truly

Alfred Cunningham
