Dear Madam,

Your letter of Dec. 10th was laid before the Executive Committee of the London Society on Wednesday, and I am desired to inform you that the points in the Summary to which you call their attention have been duly noted.

In regard to Mr McLaren's recommendation, my Committee would suggest for the consideration of the Executive Committee of the N. U. the expediency of having a paper of instructions printed with a suitably **worded** form of petition for <sup>the use of those who are</sup> organizing meetings.

If such papers could be obtained from the N. Union the carrying out of the recommendation would be ~~much~~ facilitated.

Believe me,

Yours truly,

ToThe Hon. Sec.  
N. Union of W. Suffrage Societies
