from Correy
G.S.

my dearest - Sister

I do not much think you will

come to night - this we leave

had no telegram from you

to say so - and even if you

had come last - night - you

would not - have seen her

alive as she had passed

"A Prayer for all of us" as Samuel said
Fear we live

away nearly an hour before we got
here. The men Louis & George at-

me o'c. but very soon after
that became unconscious but

the repeated tents & in ~~the~~
banding over her to hear what

she was saying he found

"it was a prayer for all
of us" At first all that was

left of her was not a bit like

her but it is much more like
her to day. I very much & pure
looking & scarce by any thing

The funeral is to be on Thursday
at 2.30 so possibly funeral
not come till Tuesday - but

fun will let us know about
this. I suppose my beach cloth

when that was cleared & put
away w^d be no good to fun?

but if it is may use it - I will
mend my long black dress, the
black cloth jacket - the bonnet
& gloves of fur whenever you come.

I have not written to Jeanne nor
to Mrs Hopkins as time being you
w^d do so nor Lily - there are
very many letters to write as
you may see. God bless you
my dear sister, may we love
each other more & more each
