Dear Miss Atkinson. I am very glad indeed you are going to get another week in December if you have news continues favourable. I hope very much that it will & that you & Mr. Atkinson will not be ~~cracked~~ cracked by further anxiety.

I certainly think we ought to secure Miss Ralston, if possible, for the conference.

What do you think of consulting Sir J. Swain or Mr. Leif Jones in the event? Of course

I would also like to have you & Miss Eustace & Mr. Shackley; but I am afraid this ^{number} is out of the question. I saw in the New Statesman that the Speaker was going to preside. If this is true, it will mean that the conference cannot go on sitting after Oct 10

when Parliament meets. I am quite ready to write Mr. Leif Jones or Sir J.S. if you advise it; but I think perhaps a letter from you as the Sec would be more appropriate. I will not fasten this up till our post is in.

Ever yours sincerely
M. Fawcett
