Dear Mr. Dwyer,

So many thanks to you for
an charming bouquet of red, white & green
that you sent me yesterday. It is
good of you to remember the occasion
in such a delightful basket. We
had a most successful gathering at
Bedford College. Miss Margaret-Dwight
made music for us. I wish you
had been there to enjoy it too.
We have been out of No. 29 St. for nearly

We had nice letters from Kit after being up. She said she had not
written to her since she left - since she left - since she left - since she left -

four weeks but some building work has
been proceeding as well as our usual
spring cleaning. But we hope to get back
next Monday after that we are going
for a short visit to Edinburgh & see

our two sisters Alicia & Joey who have
been ill. Agnes & Philipina join

me in much love. Our Council

meeting has been very well attended &
I met a ladyance of Peter's father who was
very devoted to us.

Yours very affectionately
M. G. Dawrite
