Dear Mr Bentinck

Your card followed me  
back from London. I came  
away the next day, and  
shall not be staying in  
Torm again (more than a  
single night) till about  
the middle of January,  
when I shall be up for  
about a week to take part

in my 'Little Plays of  
St Francis' at University  
College.

I enjoyed Norway and  
Sweden greatly, though I  
tried to do rather too  
much. In one's old  
age one ought to be more  
leisurely.

Always sincerely
