Dearest Tom and my precious children

I'm really am going up to the lessons tomorrow. but there is no knowing if may be several days before I can try. but seeing that we have not been allowed bail that we are sure to come or just. but Daddy must not be surprised if he has to come up for nothing. If the time have been in does not count. at any rate the time after will count. I thank you all so much my darling for your kind presents & thoughts of your old Mother on her birthday. I feel you all thinking

me. and was thinking of you. at  
any. Dear Mrs Stetel and father  
John this letter is much. Dear Auntie  
Lily sent me these words "Kosperous"  
looked through person bars. one saw  
fog. another Mars. I am so glad  
father is going out with Johnnie Russell  
it will be such a nice change for  
him. Don't want father to have that  
pattern if he does not like it. all the  
other patterns were so light & it is so  
good looking a light color. Give my

love to dear Hanklin and my precious  
little Chaps.

Goodbye my darlings for a little  
time  
John Long  
Dorset.

Don't know if dear father cares for this  
pattern better. Don't care for it much my  
self. It is not a stripe & it is not so.
