SPENCER'S WOOD,

18. Nov. 1913 READING.

Dear Madam.

Your communication -
concerning the removal
of the Sec. bar to admission
-tion would interest
me - I fear however
I have given little
thought to the subject -
I am inclined to
think the matter
would be better left -

for a time. The clergy
seem to be at least
(very slowly) coming
to see women necessari-
ly for the vote and I
fear that we approach
the Bishop with women
ordinands we should
scare them all, they
wonder by "what will
these mad women do
next." —

I should much like
to attend an informal
conference (perhaps
it has not been at-
an inconvenient-dis-
tance) for my own ideas
on the subject are very
hazy. —

Yours for
(John), C. Portsmouth.
