My dear Pippa

No news yet of the  
M. D. except a remark in the board's  
letter to say they had got the telegram  
saying he was urgently wanted.

By the time you get this letter  
you will probably know if I am  
coming & if so you must direct  
your next letter to c/o Station  
Master Allahabad when I shall  
meet it.

I have been designing the  
cover for the new timetable the

inside of which is being done  
by Ding. It is an elegant  
work of art with the map of  
India at the bottom and gar-  
nished with the crest <sup>of the E. I. R.</sup> & mono-  
gram done in my well known  
style. Samples enclosed for appro.

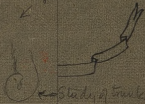

It is deed hot and the  
punkah wallah is striking so  
as there is nothing more to say  
I will say it & try to rake  
up something to discourse upon  
next week.

Farewell  
y<sup>r</sup> loving  
Ralph

P.S. What is the name of Mariani's  
young man?
